Section 9 - Foreign Account Tax Compliance Act (FATCA)

The Foreign Account Tax Compliance Act ("FATCA"), which is an amendment to the U.S. Internal Revenue Code, was enacted in the United States in 2010 and many of the operative provisions became effective on July 1, 2014. Generally, FATCA requires financial institutions outside the US ("foreign financial institutions" or "FFIs") to provide the U.S. Internal Revenue Service ("IRS") with information about financial accounts held directly or indirectly by certain specified US persons. A 30% withholding tax is imposed on certain types of US source income paid to an FFI that fails to comply with FATCA.

Section 10 – OECD Common Reporting Standard (CRS)

Drawing extensively on the intergovernmental approach to implementing FATCA, the OECD developed the Common Reporting Standard ("CRS") to address the issue of offshore tax evasion on a global basis. The CRS provides a common standard for due diligence, reporting and exchange of financial account information. Pursuant to the CRS, participating jurisdictions will obtain from reporting financial institutions, and automatically exchange with exchange partners on an annual basis, financial information with respect to all reportable accounts identified by financial institutions on the basis of common due diligence and reporting procedures.

The first information exchanges are expected to begin in 2017. Ireland has committed to implement

the CRS. As a result the Company will be required to comply with the CRS due diligence and reporting requirements, as adopted by Ireland.

Please check the form to acknowledge personal data disclosures that may be required under law and additional information that may be requested.

To meet these requirements Investors should submit necessary identification documents together with the application form.

The Company and the Administrator is also obliged to identify any beneficial owners of the investment. The requirements apply to both direct purchases and indirect purchases received from an intermediary. The Company and Administrator reserve the right to ask for additional information and documentation as may be required in higher risk scenarios or to comply with any applicable laws and regulations. Failure to provide documentation may result in a delay in investment or the withholding of sale proceeds.

Applications made by a legal entity should be executed and signed by a duly authorised person appointed by the company. Please submit evidence of this authorisation with the application form. If the application form is signed by any person whose name is not listed as an authorised person then it should include a separate certified copy of authorisation.

U.S. Persons are not eligible to invest in the Fund. In the absence of written notice to the Fund to the contrary, if a potential Investor provides a non-U.S. address on the application form for investment in the Fund, this will be deemed to be a representation and warranty from such Investor that the Investor is not a U.S. Person and will continue to be a non-U.S. Person so long as such Investor holds any Shares of the Fund.
