Market Neutral Income Fund

$C \wedge L \wedge M \cap S^{\circ}$

FUND TICKER SYMBOLS

A Shares B Shares C Shares I Shares CVSIX CAMNIX CVSCX CMNIX

OBJECTIVE

High current income consistent with stability of principal.

BENCHMARKS

Barclays U.S. Government/Credit Index, Citigroup 30-Day Treasury Bill Index

INVESTMENT STRATEGY

The fund utilizes two distinct strategies, convertible arbitrage and covered call writing, with the aim of maximizing current income and achieving a low correlation against the broad U.S. equity market.

INVESTMENT PROCESS

The fund's investment team employs an investment process that considers global macro economic factors and investment themes. The team conducts both fundamental and quantitative research to evaluate the source, sustainability and risk of investment opportunities. The team manages a diversified portfolio monitoring and managing risk at the portfolio and individual security level.

INVESTMENT TEAM

Global Co-Chief Investment Officers John P. Calamos, Sr., and Gary D. Black lead an integrated team of experienced investment professionals.

FIRM DESCRIPTION

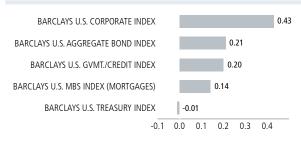

Calamos Investments® is a global investment management firm that has served the needs of institutional and individual investors for three decades.

We offer a range of global investment solutions—equities, fixed income and alternatives—to work within your multi-asset allocation framework to achieve the goals of your investment program.

Market Neutral Income Fund: Alternative to Fixed Income

- » Provides diversification and low correlation with other fixed income assets
- » Dynamically combines complementary income-producing strategies over market cycles
- » Potential for attractive income stream with relative stability of principal

The Barclays U.S. Government/Credit Index and Citigroup 30-Day T-Bill Index return "Since A share Inception" start date is 8/31/90. The Lipper Category return start date is 9/30/90. The Barclays U.S. Government/Credit Index, Citigroup 30-Day T-Bill Index, and Lipper Category return "Since I share Inception" start date is 4/30/00.

Performance data quoted represents past performance, which is no guarantee of future results. Current performance may be lower or higher than the performance quoted. The principal value and return of an investment will fluctuate so that your shares, when redeemed, may be worth more or less than their original cost. Performance reflected at NAV does not include the Fund's maximum front-end sales load of 4.75% had it been included, the Fund's return would have been lower. For the most recent fund performance information visit Calamos.com.

Calendar year returns measure net investment income and capital gain or loss from portfolio investments for each period specified. Average annual total return measures net investment income and capital gain or loss from portfolio investments as an annualized average. All performance shown assumes assumes reinvestment of dividends and capital gains distributions. The Fund also offers Class B and C Shares, the performance of which may vary.

Class I shares are offered primarily for direct investment by investors through certain tax-exempt retirement plans (including 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans, defined benefit plans and non qualified deferred compensation plans) and by institutional clients, provided such plans or clients have assets of at least \$1 million. Class I shares may also be offered to certain other entities or programs, including, but not limited to, investment companies, under certain circumstances.

 Bond credit quality allocation reflects the higher of the ratings of Standards & Poor's Corporation; Moody's Investors Service, Inc. or Fitch, Inc. Ratings are relative, subjective and not absolute standards of quality, represent the opinions of the independent, Nationally Recognized Statistical Rating Organizations (NRSRO), and are adjusted to the Standards & Poor's scale shown. Ratings are measured using a scale that typically ranges from AAA (highest) to D (lowest). In addition, CAL has assigned its own ranking to the "unrated bonds," based on its fundamental and proprietary investment process and has years of experience actively managing risk. The security's credit rating does not eliminate risk. The table excludes equity securities, cash and cash equivalents. For more information about securities ratings, please see the Fund's Statement of Additional Information at calamos.com. Additional information on ratings methodologies are available by visiting the NRSRO websites: www.standardandpoors.com, www.moodys.com, and www.fitchratings.com. and www.fitchratings.com.

NOTES (ALPHABETICAL) Annualized Standard Deviation is a statistical measure of the Annualized Standard Deviation is a statistical measure of the historical volatility of a mutual fund or portfolio, usually computed using 36 monthly returns. Barclays U.S. Aggregate Bond Index covers the U.S.-denominated, investment-grade, fixed-rate, taxable bond market of SEC registered securities. The index includes bonds from the Treasury, Government-Related, Corporate, MBS (agency fixed-rate and hybrid ARM pass throughs), ABS, and CMBS sectors. Barclays U.S. Corporate Index consists of investment-grade corporate bonds. Barclays U.S. Government/ Credit Index comprises long-term government and investment grade corporate debt securities and is generally considered representative of the performance of the broad U.S. bond market. Unlike convertible bonds, U.S. Treasury bills are backed by the full faith and credit of the U.S. government and offer a guarantee as to the timely repayment of principal and interest. Barclays U.S. MBS Index consists of securitized residential mortgages. Barclays U.S. Treasury Index includes public obligations of the U.S. Treasury. Beta is a historic measure of a fund's relative volatility, which is one of the measures of risk; a beta of 0.5 reflexts 1/2 the market's volatility, as represented by the Fund's primary benchmark, while volatility as represented by the Fund's primary benchmark, while a beta of 2.0 reflects twice the volatility. Citigroup 30-Day T-Bill Index is generally considered representative of the performance of short-term money market instruments. Credit Suisse High Yield Index is an unmanaged index of high yield debt securities. Current (SEC) Yield reflects the dividends and interest earned by the Fund during the 30-day period ended as of the date stated above after deducting the Fund's expenses for that same period. Lipper Equity Market-Neutral Funds represents funds that employ portfólio strategies generating consistent returns in both up and down markets by selecting positions with a total net market

Unmanaged index returns assume reinvestment of any and all distributions and, unlike fund returns, do not reflect fees, expenses or sales charges. Investors cannot invest directly in an index.

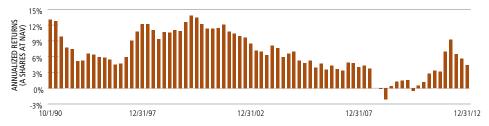

Important Risk Information. An investment in the Fund(s) is subject to risks, and you could lose money on your investment in the Fund(s). There can be no assurance that the Fund(s) will achieve its investment objective. Your investment in the Fund(s) is not a deposit in a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. The risks associated with an investment in the Fund(s) can increase during times of significant market volatility. The Fund(s) also has specific principal risks, which are described below. More detailed information regarding these risks can be found in the Fund's prospectus.

The principal risks of investing in the Market Neutral Income Fund include: convertible securities risk, synthetic convertible instruments risk, convertible hedging risk, covered call writing risk, options risk, short sale risk, interest rate risk, credit risk, high yield risk, liquidity risk and portfolio selection risk.

As a result of political or economic instability in foreign countries, there can be special risks associated with investing in foreign securities, including fluctuations in currency exchange rates, increased price volatility and difficulty obtaining information. In addition, emerging markets may present additional risk due to potential for greater economic and political instability in less developed countries.

Before investing carefully consider the fund's invest-ment objectives, risks, charges and expenses. Please see the prospectus and summary prospectus contain-ing this and other information or call 1-800-582-6959. Read it carefully before investing.
