- » Founded in 1977
- » AUM of U.S. \$38.8 billion
- » Institutional Assets<sup>1</sup> of U.S. \$21.7 billion
- » 304 employees\*, 74 investment professionals

<sup>1</sup>Institutional Assets include institutional share classes of open-end funds and assets managed for institutions.

\*Information as of 6/30/21. Total represents full-time employees of the operating subsidiaries of Calamos Asset Management, Inc. Part-time employees and consultants are excluded.

## Strategy Overview

The Calamos Global Sustainable Equities Strategy employs an integrated, fundamental and proprietary ESG screening process—benchmarked to the MSCI ACWI Index—to evaluate and select what we deem are the highest-quality, ESG-adherent growth opportunities throughout the world in developed and developing economies as well as across market capitalizations.

## Key Differentiators

- » Investment Team has managed ESG funds and portfolios for more than 20 years.
- » We believe that the best way to identify sustainable growth is to consider all aspects of a company's quality profile—including environmental, social, and governance factors that are too often ignored and can represent substantial investment risks.
- » We take a flexible approach to opportunities and believe that attractive investments are found across geographies, sectors and market capitalizations.
- » We believe that maximum value is created over the long term. As such, we look to hold investments across business and economic cycles. This promotes sustainable growth with lower transaction costs and tax efficiency.
- » Markets don't always get it right. Therefore, we look to take advantage of short-term market inefficiencies to establish positions or add to existing investments.
- » We will sell an investment in cases of valuation adjustments, availability of more attractive alternatives, or breakdowns in financial fundamentals or ESG performance.

## Investment Process

The core public equity strategy seeks to achieve competitive returns with lower volatility by focusing on companies that generate higher returns on capital and possess better growth prospects than their global peers. Companies must have demonstrated a consistent history of additive shareholder value by producing returns above and beyond the cost of capital.

And companies must exhibit a high degree of business ethics and responsible conduct to qualify for inclusion in the portfolio.

## CALENDAR YEAR RETURNS

	YTD 2021	2020	2019
Calamos Global Sustainable Equities(gross of fees)	12.32%	23.29%	29.10%
Calamos Global Sustainable Equities (net of fees)	11.63	21.76	27.50
MSCI ACWI Index (Net) <sup>4</sup>	12.30	16.25	26.60

<sup>4</sup>The MSCI ACWI Index (Net) approximates the minimum possible reinvestment of regular cash distributions by deducting withholding tax based on the maximum rate of the company's country of incorporation applicable to institutional investors.

## Portfolio Manager Biographies

### JIM MADDEN, CFA

SENIOR VICE PRESIDENT, CO-PORTFOLIO MANAGER

Jim Madden joined Calamos Investments in 2021 and contributes 30 years of investment industry experience, all of which has been focused on socially and environmentally responsible investing strategies. Prior to joining Calamos, Jim worked for a multi-billion-dollar asset management firm, where he served as portfolio manager on an ESG global equity strategy. Previously, Jim was Chief Investment Officer and senior portfolio manager at Portfolio 21. He worked with Portfolio 21 for more than 20 years, both on the investment team and as the developer of the company's shareholder activism program. Jim earned a bachelor's degree and an M.B.A. from the University of Wisconsin.

### ANTHONY (TONY) TURSICH, CFA

SENIOR VICE PRESIDENT, CO-PORTFOLIO MANAGER

Tony Tursich contributes 24 years of experience in socially and environmentally responsible investing strategies. He joined Calamos Investments following its 2021 acquisition of Pearl Impact Capital, LLC, the company he founded in 2018, where he served as Chief Investment Officer and portfolio manager since the inception of a trio of ESG-integrated portfolios. Prior to launching Pearl Impact Capital, he was a partner, senior portfolio manager and member of the executive committee at Portfolio 21.

In addition to his responsibilities at Calamos, Tony is an adjunct professor at Portland State University, an investment advisory board member for Multnomah County, Oregon, and a board member for the CFA Society of Portland. He graduated from Montana State University with a bachelor's degree in Business Administration and received an M.B.A. from Portland State University.

# Global Sustainable Equities Strategy

Past performance does not guarantee or indicate future results. Current performance may be lower or higher than the performance quoted. Portfolios are managed according to their respective strategies which may differ significantly in terms of security holdings, industry weightings, and asset allocation from those of the benchmark(s). Portfolio performance, characteristics and volatility may differ from the benchmark(s) shown.

The results portrayed on the preceding pages are for the Calamos Global Sustainable Equities Strategy. Representative holdings and portfolio characteristics are specific only to the portfolio shown at that point in time. Other portfolios will vary in composition, characteristics, and will experience different investment results. The representative portfolio shown has been selected by the advisor based on account characteristics that the advisor feels accurately represents the investment strategy as a whole.

Returns or Risk/Rewards statistics presented reflect the Calamos Global Sustainable Equities Composite II, which is an actively managed composite that utilizes an integrated proprietary ESG process benchmarked to the MSCI ACWI Index to invest in common stocks, preferred stocks, securities convertible into global common stocks, and U.S. dollar-denominated American Depository Receipts, primarily in high-growth industries and companies worldwide and across all market capitalizations. On August 25, 2021, Calamos acquired Pearl Impact Capital, LLC, which has managed the strategy since its inception in 2019. The Calamos Global Sustainable Equities Composite was formerly named the PIC Global Opportunities Portfolio. This name change was effected August 25, 2021. The Composite was created January 1, 2019, calculated with an inception date of January 1, 2019. The Composite results include all fully discretionary accounts, including those no longer with the Firm.

Fees include the investment advisory fee charge by Calamos Advisors LLC. Returns greater than 12 months are annualized. Chart Data Sources: Mellon Analytical Solutions LLC and Calamos Advisors LLC.

Average annual total return measures net investment income and capital gain or loss from portfolio investments as an annualized average assuming reinvestment of dividends and capital gains distributions.

The MSCI ACWI Index (Net) is a free float-adjusted market-capitalization-weighted index that is designed to measure the equity market performance of developed markets and emerging markets. The index is calculated in both U.S. dollars and local currencies. Unmanaged index returns assume reinvestment of any and all distributions and do not reflect any fees, expenses or sales charges. Net return basis approximates the minimum possible reinvestment of regular cash distributions by deducting withholding tax based on the maximum rate of the company's country of incorporation applicable to institutional investors. Unmanaged index returns assume reinvestment of any and all distributions and do not reflect any fees, expenses or sales charges. Investors cannot invest directly in an index.

Active Share is the fraction of a portfolio's holdings that deviate from the benchmark index.

Sustainalytics Rank/Score is the overall percentile rank assigned to the company based on its environmental, social and governance (ESG) total score relative to its industry peers. For the top 1% the percentile is 99%; for the bottom 1% the percentile is 1%. This is Sustainalytics' most comprehensive percentile rank. Aggregate ESG performance encompasses a company's level of preparedness, disclosure and controversy across all three ESG themes.

ISS Quality Score is the overall score assigned by Institutional Shareholder Services (ISS) to the company's governance practices. The score ranges from 1 for best to 10 for worst.

S&P Global ESG Rank or the Total Sustainability Score is based on individual questions that roll up into criteria, which in turn roll up into the three dimensions of Economic, Environmental and Social. The types and weights of individual questions and criteria are adjusted for each industry-specific questionnaire to reflect the materiality of specific sustainability themes within each industry.

The information in this report should not be considered a recommendation to purchase or sell any particular security. There is not assurance that any securities discussed herein will remain in an account's portfolio at the time you receive this report or that securities sold have not been repurchased. The securities discussed do not represent the account's entire portfolio and in the aggregate may represent only a small percentage of an account's portfolio holdings.
