Synthesizing Opportunities

The Strategy diversifies the majority of its assets across the “core” areas of U.S. bond market. Complementary, specialized “plus” allocations seek to increase return potential and enhance risk management. Allocations to core and plus are dynamically managed, based on our view of the investment landscape.

Core

- » U.S. Treasury and agency bonds
- » Mortgage-backed securities
- » Investment-grade corporate bonds
- » Commercial mortgage-backed securities
- » Asset-backed securities

Plus

- » High-yield bonds
- » Non-U.S. bonds
- » Bank loans
- » Other, such as preferred shares and convertible securities

Past performance does not guarantee or indicate future results. Current performance may be lower or higher than the performance quoted. Portfolios are managed according to their respective strategies which may differ significantly in terms of security holdings, industry weightings, and asset allocation from those of the benchmark(s). Portfolio performance, characteristics and volatility may differ from the benchmark(s) shown.

The results portrayed on the preceding pages are for the Calamos Institutional Core Plus Fixed Income Composite (Inception date: 7/2007). Representative holdings and portfolio characteristics are specific only to the portfolio shown at that point in time. Other portfolios will vary in composition, characteristics, and will experience different investment results. The representative portfolio shown has been selected by the advisor based on account characteristics that the advisor feels accurately represents the investment strategy as a whole.

The Calamos Institutional Core Plus Fixed Income Composite is an actively managed composite that invests primarily in a diversified portfolio of investment-grade debt securities that generally have a dollar-weighted average portfolio duration between three to ten years. Results include all fully discretionary accounts, including those no longer with the Firm. All returns are net of commission and other similar fees charged on securities transactions and include reinvestment of net realized gains and interest.

Fees include the investment advisory fee charge by Calamos Advisors LLC. Returns greater than 12 months are annualized. Chart Data Sources: Mellon Analytical Solutions, LLC and Calamos Advisors LLC.

The Bloomberg Barclays U.S. Aggregate Bond Index covers the U.S. denominated, investment-grade, fixed-rate, taxable bond market of SEC-registered securities. The index includes bonds from the Treasury, Government-Related, Corporate, MBS (agency fixed rate and hybrid ARM pass-throughs), ABS, and CMBS sectors. Unmanaged index returns assume reinvestment of any and all distributions and do not reflect any fees, expenses, or sales charges. Investors cannot invest directly in an index.
