## CREDIT QUALITY ALLOCATION OF BONDS<sup>1</sup>

<sup>1</sup>Bond Credit Quality- Reflects the higher of the ratings of Standard & Poor’s Corporation; Moody’s Investors Service, Inc. or Fitch, Inc. Ratings are relative, subjective and not absolute standards of quality, represent the opinions of the independent Nationally Recognized Statistical Rating Organizations (NRSRO), and are adjusted to the Standard & Poor’s scale shown. Ratings are measured using a scale that typically ranges from AAA (highest) to D (lowest). The security’s credit rating does not eliminate risk. The table excludes equity securities, cash and cash equivalents. For more information about securities ratings, please see the Fund’s Statement of Additional Information at [www.calamos.com](http://www.calamos.com). Additional information on ratings methodologies are available by visiting the NRSRO websites: [www.standardandpoors.com](http://www.standardandpoors.com), [www.moodys.com](http://www.moodys.com), [www.fitchratings.com](http://www.fitchratings.com).

**Convertible Securities Risk:** The value of a convertible security is influenced by changes in interest rates, with investment value declining as interest rates increase and increasing as interest rates decline. The credit standing of the issuer and other factors also, may have an effect on the convertible security's investment value.

The **S&P 500 Index** is a market-value weighted index consisting of 500 stocks chosen for market size, liquidity, and industry group representation. It is widely regarded as the standard for measuring US stock-market performance.

The **ICE BofA Global Convertible Index (CONV)** tracks the performance of convertible securities publicly issued in the global convertible bond market. Index constituents meet qualifications for inclusion as determined by the ICE BofA Bond Index Methodologies.

**ICE BofA Domestic Japan Convertible Index (VJDM)** tracks the performance of Japanese convertible securities publically issued in the Japanese domestic market.

**ICE BofA Euroclearable Japan Convertible Excluding Mandatory & Preferred Index (VJEU)** tracks the performance of Japanese convertible securities publically issued outside the Japanese domestic market.

The **ICE BofA All US Convertibles Index (VXA0)** comprises approximately 700 issues of only convertible bonds and preferreds of all qualities. Source ICE Data Indices, LLC, used with permission. ICE permits use of the ICE BofA indices and related data on an 'as is' basis, makes no warranties regarding same, does not guarantee the suitability, quality, accuracy, timeliness, and/or completeness of the ICE BofA Indices or data included in, related to, or derived therefrom, assumes no liability in connection with the use of the foregoing and does not sponsor, endorse or recommend Calamos Advisors LLC or any of its products or services.

**ICE BofA European Convertible Excluding Mandatory Index (VE00)** tracks the performance of publicly issued non-mandatory convertible securities of European companies.

**ICE BofA Asia Convertible Excluding Mandatory Index (VASI)** tracks the performance of publicly issued non-mandatory convertible securities where the underlying equity has a country of risk associated with the geographical region of Asia/Pacific excluding Japan.

**ICE BofA Emerging Markets Convertible Excluding Mandatory Index (VEMK)** tracks the performance of publicly issued nonmandatory convertible securities where the underlying equity has a country of risk associated with an emerging markets country.

The **FTSE Global Convertible Index** is designed to broadly represent the global convertible bond market.

**Conversion Premium** is the amount by which the market price of a convertible bond or convertible preferred exceeds conversion value, expressed as a percentage. It is a gauge of equity participation.

**Current Yield** reflects the dividends and interest earned during the 30-day period ended as of the date stated above after deducting expenses for that same period.

**Investment Premium** is the amount that the market price of the convertible is above its investment value, expressed as a percent of the investment value. A zero coupon bond that is callable (by issuer), puttable (by investor), and convertible.

Advisors, please talk to your Calamos Investment Consultant at **866-363-9219** or email [caminfo@calamos.com](mailto:caminfo@calamos.com) for more information about convertibles or about our convertible-using funds across multiple asset classes.
