

**CALAMOS® FAMILY OF FUNDS**

**Supplement dated June 21, 2019 to the  
CALAMOS® TIMPANI SMALL CAP GROWTH FUND PROSPECTUS  
dated April 15, 2019, as supplemented on May 31, 2019**

*Effective immediately, the section titled “Raymond James Prospectus Disclosure” in the Appendix of the Prospectus shall be replaced in its entirety with the following:*

Intermediary-Defined Sales Charge Waiver Policies

The availability of certain initial or deferred sales charge waivers and discounts may depend on the particular financial intermediary or type of account through which you purchase or hold Fund shares.

Intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or contingent deferred (back-end) sales load (“CDSC”) waivers, which are discussed below. In all instances, it is the purchaser’s responsibility to notify the fund or the purchaser’s financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase fund shares directly from the fund or through another intermediary to receive these waivers or discounts.

Raymond James & Associates, Inc., Raymond James Financial Services, Inc. and each entity’s affiliates (“Raymond James”)

Effective March 1, 2019, shareholders purchasing fund shares through a Raymond James platform or account, or through an introducing broker-dealer or independent registered investment adviser for which Raymond James provides trade execution, clearance, and/or custody services, will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this fund’s prospectus or SAI.

Front-end sales load waivers on Class A shares available at Raymond James

- Shares purchased in an investment advisory program.
- Shares purchased within the same fund family through a systematic reinvestment of capital gains and dividend distributions.
- Employees and registered representatives of Raymond James or its affiliates and their family members as designated by Raymond James.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement).
- A shareholder in the Fund’s Class C shares will have their shares converted at net asset value to Class A shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of Raymond James.

CDSC Waivers on Classes A, B and C shares available at Raymond James

- Death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the fund’s prospectus.
- Return of excess contributions from an IRA Account.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age 70 ½.
- Shares sold to pay Raymond James fees but only if the transaction is initiated by Raymond James.
- Shares acquired through a right of reinstatement.

Front-end load discounts available at Raymond James: breakpoints, rights of accumulation, and/or letters of intent

- Breakpoints as described in this prospectus.
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser's household at Raymond James. Eligible fund family assets not held at Raymond James may be included in the calculation of rights of accumulation only if the shareholder notifies his or her financial advisor about such assets.
- Letters of intent which allow for breakpoint discounts based on anticipated purchases within a fund family, over a 13-month time period. Eligible fund family assets not held at Raymond James may be included in the calculation of letters of intent only if the shareholder notifies his or her financial advisor about such assets.

**Please retain this supplement for future reference.**

## INVESTMENTS

	CLASS A	CLASS I	CLASS R6
Calamos Timpani Small Cap Growth Fund	CTASX	CTSIX	CTSOX

*Beginning on March 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund's shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund or from your financial intermediary. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website link to access the report.*

*If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically by calling 800.582.6959. If you own these shares through a financial intermediary, you may contact your financial intermediary.*

*You may elect to receive all future reports in paper free of charge. You can inform the Fund that you wish to continue receiving paper copies of your shareholder reports by calling 800.582.6959. If you own these shares through a financial intermediary, you may contact your financial intermediary or follow instructions included with this disclosure to elect to continue to receive paper copies of your shareholder reports. Your election to receive reports in paper will apply to all funds held with the fund complex or your financial intermediary.*

**Prospectus April 15, 2019, as supplemented on May 31, 2019**

The Securities and Exchange Commission has not approved or disapproved these securities or determined whether this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

# Calamos Timpani Small Cap Growth Fund

## Investment Objective

Calamos Timpani Small Cap Growth Fund's investment objective is capital appreciation.

## Fees and Expenses of the Fund

The following table describes the fees and expenses that you may pay if you buy and hold shares of the Fund. You may qualify for sales charge discounts on purchases of Class A shares if you and your family invest, or agree to invest in the future, at least \$50,000 in Calamos Funds. More information about these and other discounts is available from your financial professional and under "Fund Facts — What classes of shares do the Funds offer?" on page 14 of the Fund's prospectus, in the Appendix to this prospectus and "Share Classes and Pricing of Shares" on page 46 of the Fund's statement of additional information. Investors may pay commissions and/or other forms of compensation to an intermediary, such as a plan record-keeper or financial intermediary, for transactions in Class R6 shares, which are not reflected in the table or the example below.

<b>Shareholder Fees (fees paid directly from your investment):</b>			
	<b>CLASS A</b>	<b>CLASS I</b>	<b>CLASS R6</b>
Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of offering price)	4.75%	None	None
Service Fee (for shares redeemed by wire)	\$15	\$15	\$15
Maximum Deferred Sales Charge (Load) (as a percentage of the lesser of the redemption price or offering price)	None	None	None
<b>Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment):</b>			
	<b>CLASS A</b>	<b>CLASS I</b>	<b>CLASS R6</b>
Management Fees	0.90%	0.90%	0.90%
Distribution and/or Service Fees (12b-1)	0.25%	None	None
Other Expenses <sup>1</sup>	0.32%	0.32%	0.22%
Total Annual Fund Operating Expenses	1.47%	1.22%	1.12%
Expense Reimbursement <sup>2</sup>	(0.17%)	(0.17%)	(0.17%)
Total Annual Fund Operating Expenses After Reimbursement	1.30%	1.05%	0.95%

1 "Other Expenses" are based on estimated amounts for the current fiscal year.

2 The Fund's investment advisor has contractually agreed to reimburse Fund expenses through March 1, 2022 to the extent necessary so that Total Annual Fund Operating Expenses of Class A shares and Class I shares are limited to 1.30% and 1.05% of average net assets, respectively. The Fund's investment advisor has contractually agreed to limit the Fund's annual ordinary operating expenses for Class R6 shares (as a percentage of average net assets) to 1.05% less the Fund's annual sub-transfer agency ratio (the aggregate sub-transfer agency fees of the Fund's other share classes divided by the aggregate average annual net assets of the Fund's other share classes). For purposes of these expense limitations, operating expenses do not include taxes, interest, short interest, short dividend expenses, brokerage commissions, acquired fund fees and expenses, and extraordinary expenses, if any. CALAMOS ADVISORS may recapture previously waived expense amounts within the same fiscal year for any day where the respective share class's expense ratio falls below the contractual expense limit up to the expense limit for that day. This undertaking is binding on CALAMOS ADVISORS and any of its successors and assigns. This agreement is not terminable by either party.

## Example

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then either redeem or do not redeem your shares at the end of the reflected time periods. The example also assumes that your investment has a 5% return each year that all dividends and capital gain distributions are reinvested, that you pay a maximum initial or contingent deferred sales charge and that the Fund's operating expenses remain the same. Any applicable fee waivers and/or expense reimbursements are reflected in the below examples for the period through March 1, 2022 only. Although your actual performance and costs may be higher or lower, based on these assumptions, your costs would be:

You would pay the following expenses whether or not you redeemed your shares at the end of the period:

	<b>One Year</b>	<b>Three Years</b>
Class A	\$601	\$868
Class I	\$107	\$334
Class R6	\$ 97	\$303

## Calamos Timpani Small Cap Growth Fund

### Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in the annual fund operating expenses or in the example, affect the Fund’s performance. The Fund’s portfolio turnover rate is not available as the Fund had not commenced investment operations as of the date of this prospectus. The portfolio turnover rate of the Frontier Timpani Small Cap Growth Fund (the “Predecessor Fund,” which is discussed in more detail below) was 126% for the fiscal year ended June 30, 2018.

### Principal Investment Strategies

Under normal market conditions, the Fund invests at least 80% of its net assets (plus any borrowings) in equity securities of small capitalization companies that the Fund’s investment adviser, CALAMOS ADVISORS LLC (“Calamos Advisors”), believes have sound growth potential. Equity securities in which the Fund invests as a part of its principal investment strategy consist of common stocks and American Depositary Receipts (“ADRs”). The Fund may invest up to 25% of its net assets in foreign securities. Foreign securities are securities issued by issuers that are organized under the laws of a foreign country, that have a substantial portion of their operations or assets in a foreign country or countries, or that derive a substantial portion of their revenue or profits from businesses, investments or sales outside of the United States. The Fund may also invest in foreign securities that are represented in the United States securities markets by ADRs or similar depository arrangements. The Fund’s foreign investments can be denominated in U.S. dollars or in foreign currencies. CALAMOS ADVISORS uses fundamental research to evaluate investment opportunities, focusing on companies that it believes have superior management and whose business models have a high potential for earnings upside. CALAMOS ADVISORS may actively trade portfolio securities. Currently, the Fund has significant investments in the healthcare and technology sectors due to CALAMOS ADVISORS’ investment process yielding opportunities for sound growth potential within those sectors. However, the Fund is actively managed, and its portfolio may change in the future.

### Principal Risks

An investment in the Fund is subject to risks, and you could lose money on your investment in the Fund. There can be no assurance that the Fund will achieve its investment objective. The risks associated with an investment in the Fund can increase during times of significant market volatility. Your investment in the Fund is not a deposit in a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The principal risks of investing in the Fund include:

- **American Depositary Receipts Risk** — The stocks of most foreign companies that trade in the U.S. markets are traded as ADRs. U.S. depository banks issue these stocks. Each ADR represents one or more shares of foreign stock or a fraction of a share.  
The price of an ADR corresponds to the price of the foreign stock in its home market, adjusted to the ratio of the ADRs to foreign company shares. Therefore while purchasing a security on a U.S. exchange, the risks inherently associated with foreign investing still apply to ADRs.
- **Cash Holdings Risk** — The Fund may invest in cash and cash equivalents for indefinite periods of time when the Fund’s investment adviser determines the prevailing market environment warrants doing so. When the Fund holds cash positions, it may lose opportunities to participate in market appreciation, which may result in lower returns than if the Fund had remained fully invested in the market. Furthermore, cash and cash equivalents may generate minimal or no income and could negatively impact the Fund’s performance and ability to achieve its investment objective.
- **Cybersecurity Risk** — Investment companies, such as the Fund, and their service providers are exposed to operational and information security risks resulting from cyberattacks, which may result in financial losses to the Fund and its shareholders. Cyberattacks include, among other behaviors, stealing or corrupting data maintained online or digitally, denial of service attacks on websites, “ransomware” that renders systems inoperable until ransom is paid, the unauthorized release of confidential information, or various other forms of cybersecurity breaches. Cyber-attacks affecting the Fund or the Fund’s investment adviser, custodian, transfer agent, distributor, administrator, intermediaries, trading counterparties, and other third-party service providers may adversely impact the Funds or the companies in which the Fund invests, causing the Fund’s investments to lose value or to prevent a shareholder redemption or purchase from clearing in a timely manner.

- **Equity Securities Risk** — The securities markets are volatile, and the market prices of the Fund’s securities may decline generally. The price of equity securities fluctuates based on changes in a company’s financial condition and overall market and economic conditions. If the market prices of the securities owned by the Fund fall, the value of your investment in the Fund will decline.
- **Foreign Securities Risk** — Risks associated with investing in foreign securities include fluctuations in the exchange rates of foreign currencies that may affect the U.S. dollar value of a security, the possibility of substantial price volatility as a result of political and economic instability in the foreign country, less public information about issuers of securities, different securities regulation, different accounting, auditing and financial reporting standards and less liquidity than in U.S. markets.
- **Growth Stock Risk** — Growth securities typically trade at higher multiples of current earnings than other securities and, therefore, may be more sensitive to changes in current or expected earnings than other equity securities and may be more volatile.
- **Liquidity Risk** — Liquidity risk exists when particular investments are difficult to purchase or sell. The Fund’s investments in illiquid securities may reduce the returns of the Fund because it may be unable to sell the illiquid securities at an advantageous time or price.
- **Portfolio Selection Risk** — The value of your investment may decrease if the investment adviser’s judgment about the attractiveness, value or market trends affecting a particular security, issuer, industry or sector or about market movements is incorrect.
- **Portfolio Turnover Risk** — The portfolio managers may actively and frequently trade securities or other instruments in the Fund’s portfolio to carry out its investment strategies. A high portfolio turnover rate increases transaction costs, which may increase the Fund’s expenses. Frequent and active trading may also cause adverse tax consequences for investors in the Fund due to an increase in short-term capital gains.
- **Sector Risk** — To the extent the Fund invests a significant portion of its assets in a particular sector, a greater portion of the Fund’s performance may be affected by the general business and economic conditions affecting that sector. Each sector may share economic risk with the broader market, however there may be economic risks specific to each sector. As a result, returns from those sectors may trail returns from the overall stock market, and it is possible that the Fund may underperform the broader market or experience greater volatility.
- **Small Company Risk** — Small company stocks have historically been subject to greater investment risk than mid and large company stocks. The prices of small company stocks tend to be more volatile than prices of mid and large company stocks.

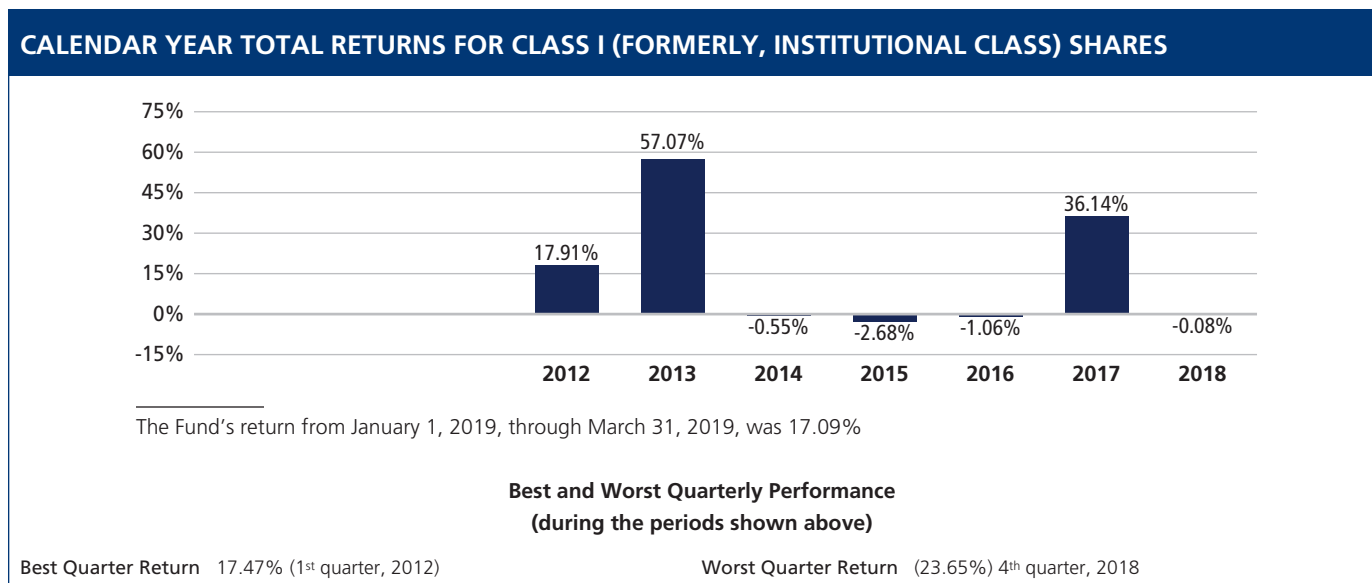

### Fund Performance

The performance shown in the bar chart and performance table is the performance of the Predecessor Fund prior to the commencement of the Fund’s operations. Effective as of the close of business on May 31, 2019, the Fund acquired all of the assets, subject to the liabilities, of the Predecessor Fund through a tax-free reorganization (the “Reorganization”). As a result of the Reorganization, the Fund adopted the performance and financial history of the Predecessor Fund. The Fund has the same investment objective, strategy and portfolio manager as the Predecessor Fund. As a result, the performance of the Fund would have been substantially similar to that of the Predecessor Fund.

The bar chart shows the performance of the Predecessor Fund’s Institutional Class performance which has been adopted by the Class I shares of the Fund for periods prior to the Reorganization. The information shows you how the Predecessor Fund’s performance has varied year by year and provides some indication of the risks of investing in the Fund. The average annual total return table compares the Predecessor Fund’s Institutional Class performance which has been adopted by the Class I shares of the Fund and Class Y performance which has been adopted by the Class A shares of the Fund and adjusted to reflect the maximum sales load of 4.75% for Class A shares, to that of the Russell 2000 Growth Index. “Since Inception” return shown for the Russell 2000 Growth Index is the return since the inception of the Predecessor Fund’s Class Y shares. The average annual total return table does not show performance information for Class R6 shares as the Class R6 shares had not commenced investment operations as of the date of this prospectus. An index reflects no deduction for fees, expenses or taxes. To the extent that dividends and distributions have been paid by the Predecessor Fund, the performance information for the Predecessor Fund in the chart and table assumes reinvestment of the dividends and distributions. If the Predecessor Fund’s investment adviser had not

## Calamos Timpani Small Cap Growth Fund

waived or reimbursed certain Predecessor Fund expenses during these periods, the Predecessor Fund's returns would have been lower. As always, please note that the Fund's past performance (before and after taxes) cannot predict how it will perform in the future. Updated performance information is available at no cost by visiting [www.calamos.com](http://www.calamos.com) or by calling 800.582.6959.

The after-tax returns show the impact of assumed federal income taxes on an investment in the Fund. "Return After Taxes on Distributions" shows the effect of taxable distributions, but assumes that you still hold the Fund shares at the end of the period and so do not have any taxable gain or loss on your investment. "Return After Taxes on Distributions and Sale of Fund Shares" shows the effect of taxable distributions and any taxable gain or loss that would be realized if the Fund shares were purchased at the beginning and sold at the end of the specified period.

The after-tax returns are shown only for Class I shares, and are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown, and the after-tax returns shown are not relevant to investors who hold their Fund shares through tax-advantaged arrangements, such as 401(k) plans or individual retirement accounts. After-tax returns for classes other than Class I shares will vary from returns shown for Class I shares. "Return After Taxes on Distributions and Sale of Fund Shares" may be higher than other returns for the same period due to a tax benefit of realizing a capital loss on the sale of Fund shares.

**AVERAGE ANNUAL TOTAL RETURNS — FOR THE PERIODS ENDED 12.31.18**

	INCEPTION DATE OF CLASS	ONE YEAR	FIVE YEAR	SINCE INCEPTION
<b>Class I (formerly Institutional Class)</b>	03.23.11			
<i>Return before taxes</i>		(0.08)%	5.43%	10.64%
<i>Return after taxes on distributions</i>		(1.65)%	5.09%	10.35%
<i>Return after taxes on distributions and sale of Fund shares</i>		1.08%	4.24%	8.67%
<b>Class A (formerly Class Y)</b>	01.06.14			
<i>Load Adjusted Return before taxes</i>		(4.69)%	N/A	4.31%
<b>Russell 2000 Growth Index</b>		(9.31)%	5.13%	9.06%

**Other Important Information Regarding Fund Shares**

For important information about purchase and sale of Fund shares, tax information, and financial intermediary compensation, please turn to "Other Important Information Regarding Fund Shares" on page 6 of the prospectus.

# Other Important Information Regarding Fund Shares

## Buying and Redeeming Fund Shares

### Minimum Initial Investment

Class A: \$2,500/\$500 for IRA

Class I: \$1,000,000

Class R6: None

### Minimum Additional Investment

Class A: \$50

Class I: None

Class R6: None

## Buying and Redeeming Class R6 Shares

Class R6 shares are available to employer-sponsored retirement and benefit plans, held either at the plan level or through omnibus accounts that generally process no more than one net redemption and one net purchase transaction each day. You may purchase Class R6 shares from your benefit plan record-keeper or financial intermediary or directly from the Calamos Family of Funds through the Fund's transfer agent.

## To Place Orders

Please contact your broker, intermediary or benefit plan record-keeper, or to place your order directly, contact the Fund's transfer agent, U.S. Bank Global Fund Services, toll-free at the number noted below for further instructions:

U.S. Bank Global Fund Services

P.O. Box 701

Milwaukee, WI 53201

Phone: 800.582.6959

## Transaction Policies

The Fund's shares are redeemable. In general, investors may purchase, redeem, or exchange Fund shares on any day the New York Stock Exchange is open by written request (to the address noted above), by wire transfer, by telephone (at the number noted above), or through a financial intermediary. Orders to buy and redeem shares are processed at the next net asset value (share price or "NAV") to be calculated only on days when the New York Stock Exchange is open for regular trading.

**Class I and Class R6 may not be available for purchase directly from the Fund. Please contact us at 800.582.6959 to inquire further about such availability.**

## Tax Information

The Fund's distributions will generally be taxable as ordinary income or capital gains, except when your investment is in an IRA, 401(k) or other tax-advantaged investment plan. Any distributions from a retirement account or 401(k) plan may be taxed as ordinary income when withdrawn from such account or plan. Special tax rules apply to investments held through defined contribution plans and other tax-qualified plans.

## Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

# Additional Information About Investment Strategies and Related Risks

## What are the investment objective and principal strategies for the Fund?

The Fund's investment objective is capital appreciation.

Under normal market conditions, the Fund invests at least 80% of its net assets (plus any borrowings) in equity securities of small capitalization companies that CALAMOS ADVISORS believes have sound growth potential. CALAMOS ADVISORS uses fundamental research, focusing on companies that it believes have superior management and whose business models have a high potential for earnings upside. CALAMOS ADVISORS forms an investment decision based on this research and an assessment of the market's perception of these companies. The Fund may invest in any sector, may emphasize one or more particular sectors and may sell a company's stock when it believes a company's prospects for growth have diminished. The Fund may also sell or reduce a portfolio position when it sees market sentiment turn negative on a stock held in the portfolio. The Fund may actively trade portfolio securities.

The Fund defines a small capitalization company as any company with a market capitalization less than or equal to the total market capitalization of the largest company included in the Russell 2000® Growth Index. As of December 31, 2018, the largest market capitalization of a company in the Russell 2000® Growth Index was \$6.264 billion and the weighted average market capitalization was \$2.221 billion. Equity securities in which the Fund invests as a part of its principal investment strategy consist of common stock and ADRs. The Fund may invest up to 25% of its net assets in foreign securities. Foreign securities are securities issued by issuers that are organized under the laws of a foreign country, that have a substantial portion of their operations or assets in a foreign country or countries, or that derive a substantial portion of their revenue or profits from businesses, investments or sales outside of the United States. The Fund may also invest in foreign securities that are represented in the United States securities markets by ADRs or similar depositary arrangements. The Fund's foreign investments can be denominated in U.S. dollars or in foreign currencies. Although the Fund may invest in any sector and does not seek to concentrate in a particular sector, currently, the Fund has significant investments in the healthcare and technology sectors due to Calamos Advisors' investment process yielding opportunities for sound growth potential within those sectors. However, the Fund is actively managed, and its portfolio may change in the future.

The Fund's investment objective may not be changed without the approval of a "majority of the outstanding" shares of the Fund, as defined in the 1940 Act. There can be no assurance that the Fund will achieve its investment objective. The Fund will notify shareholders at least 60 days prior to any change in its 80% policy.

## Principal Risks of Investing in the Fund

This prospectus describes the risks you may face as an investor in the Fund. It is important to keep in mind that generally, investments with a higher potential reward also have a higher risk of losing money. The reverse is also commonly true: the lower the risk, the lower the potential reward. However, as you consider an investment in the Fund, you should also take into account your tolerance for the daily fluctuations of the financial markets and whether you can afford to leave your money in this investment for a long period of time to ride out down periods.

As with any security, there are market and investment risks associated with your investment in the Fund. The value of your investment will fluctuate over time, and it is possible to lose money.

In response to market, economic, political, or other conditions, the Fund may temporarily invest for defensive purposes. If the Fund does so, different factors could affect the Fund's performance, and the Fund may not achieve its investment objective.

## What are the principal risks that apply to the Fund?

**Market Risk.** The risk that the securities markets will increase or decrease in value is considered market risk and applies to any security. If there is a general decline in the stock or fixed-income market, it is possible your investment may lose value regardless of the individual results of the companies in which the Fund invests.

**Market Disruption Risk.** Certain events have a disruptive effect on securities markets, including but not limited to, terrorist attacks, war and other geopolitical events or catastrophes. The Fund's investment adviser, CALAMOS ADVISORS, cannot predict the

## Additional Information About Investment Strategies and Related Risks

effect of similar events in the future on the U.S. or foreign economies. Certain securities such as high yield and equity securities tend to be impacted more by these events than other types of securities in terms of price and volatility.

**Recent Market Events.** In the past decade, financial markets throughout the world have experienced increased volatility, depressed valuations, decreased liquidity and heightened uncertainty and turmoil. This turmoil resulted in unusual and extreme volatility in the equity and debt markets, in the prices of individual securities and in the world economy. Events that have contributed to these market conditions include, but are not limited to, major cybersecurity events, geopolitical events (including wars and terror attacks), measures to address budget deficits, downgrading of sovereign debt, declines in oil and commodity prices, dramatic changes in currency exchange rates, and public sentiment. In addition, many governments and quasigovernmental entities throughout the world have responded to the turmoil with a variety of significant fiscal and monetary policy changes, including, but not limited to, direct capital infusions into companies, new monetary programs and dramatically lower interest rates.

Following the financial crisis that began in 2007, the Federal Reserve attempted to stabilize the U.S. economy and support the U.S. economic recovery by keeping the federal funds rate low. More recently, the Federal Reserve has terminated certain of its market support activities and began raising interest rates. The withdrawal of this support could negatively affect financial markets generally as well as reduce the value and liquidity of certain securities. Additionally, with continued economic recovery and the cessation of certain market support activities, the Fund's may face a heightened level of interest rate risk as a result of a rise or increased volatility in interest rates. These policy changes may reduce liquidity for certain of the Fund's investments, causing the value of the Fund's investments and share price to decline. To the extent the Fund experiences high redemptions because of these policy changes, the Fund may experience increased portfolio turnover, which will increase the costs that the Fund incurs and may lower the Fund's performance.

Continuing uncertainty as to the status of the Euro and the European Monetary Union ("EMU") and the potential for certain countries to withdraw from the institution has created significant volatility in currency and financial markets generally. Any partial or complete dissolution of the EMU could have significant adverse effects on currency and financial markets, and on the values of the Fund's portfolio investments. In June 2016, the United Kingdom approved a referendum to leave the European Union ("EU") ("Brexit").

On March 29, 2017, the United Kingdom formally notified the European Council of its intention to leave the EU and commenced the formal process of withdrawing from the EU. Brexit has resulted in volatility in European and global markets and could have negative long-term impacts on financial markets in the United Kingdom and throughout Europe. There is considerable uncertainty about the potential consequences and precise timeframe for Brexit, how it will be conducted, how negotiations of trade agreements will proceed, and how the financial markets will react, and as this process unfolds markets may be further disrupted. Given the size and importance of the United Kingdom's economy, uncertainty about its legal, political, and economic relationship with the remaining member states of the EU may continue to be a source of instability. Moreover, other countries may seek to withdraw from the European Union and/or abandon the euro, the common currency of the EU. A number of countries in Europe have suffered terror attacks, and additional attacks may occur in the future. The Ukraine has experienced ongoing military conflict; this conflict may expand and military attacks could occur elsewhere in Europe. Europe has also been struggling with mass migration from the Middle East and Africa. The ultimate effects of these events and other socio-political or geographical issues are not known but could profoundly affect global economies and markets.

As a result of political and military actions undertaken by Russia, the U.S. and the EU have instituted sanctions against certain Russian officials and companies. These sanctions and any additional sanctions or other intergovernmental actions that may be undertaken against Russia in the future may result in the devaluation of Russian currency, a downgrade in the country's credit rating, and a decline in the value and liquidity of Russian securities. Such actions could result in a freeze of Russian securities, impairing the ability of a fund to buy, sell, receive, or deliver those securities. Retaliatory action by the Russian government could involve the seizure of US and/or European residents' assets, and any such actions are likely to impair the value and liquidity of such assets. Any or all of these potential results could have an adverse/recessionary effect on Russia's economy. All of these factors could have a negative effect on the performance of funds that have significant exposure to Russia.

## Additional Information About Investment Strategies and Related Risks

In addition, policy and legislative changes in the United States and in other countries are changing many aspects of financial regulation. The impact of these changes on the markets, and the practical implications for market participants, may not be fully known for some time.

**Investment Management Risk.** Whether the Fund achieves its investment objective is significantly impacted by whether CALAMOS ADVISORS is able to choose suitable investments for the Fund.

### What are the principal risks specific to the Fund?

**American Depositary Receipts Risk.** The stocks of most foreign companies that trade in the U.S. markets are traded as ADRs. U.S. depositary banks issue these stocks. Each ADR represents one or more shares of foreign stock or a fraction of a share. The price of an ADR corresponds to the price of the foreign stock in its home market, adjusted to the ratio of the ADRs to foreign company shares. Therefore while purchasing a security on a U.S. exchange, the risks inherently associated with foreign investing still apply to ADRs.

**Cash Holdings Risk.** The Fund may invest in cash and cash equivalents for indefinite periods of time when the Fund's investment adviser determines the prevailing market environment warrants doing so. When the Fund holds cash positions, it may lose opportunities to participate in market appreciation, which may result in lower returns than if the Fund had remained fully invested in the market. Furthermore, cash and cash equivalents may generate minimal or no income and could negatively impact the Fund's performance and ability to achieve its investment objective.

**Cybersecurity Risk.** Investment companies, such as the Fund, and their service providers are exposed to operational and information security risks resulting from cyberattacks, which may result in financial losses to the Fund and its shareholders. Cyberattacks include, among other behaviors, stealing or corrupting data maintained online or digitally, denial of service attacks on websites, "ransomware" that renders systems inoperable until ransom is paid, the unauthorized release of confidential information, or various other forms of cybersecurity breaches. Cyber-attacks affecting the Fund or the Fund's investment adviser, custodian, transfer agent, distributor, administrator, intermediaries, trading counterparties, and other third-party service providers may adversely impact the Funds or the companies in which the Fund invests, causing the Fund's investments to lose value or to prevent a shareholder redemption or purchase from clearing in a timely manner.

**Equity Securities Risk.** Equity investments are subject to greater fluctuations in market value than other asset classes as a result of such factors as a company's business performance, investor perceptions, stock market trends and general economic conditions.

**Foreign Securities Risk.** There are special risks associated with investing in foreign securities that are not typically associated with investing in U.S. companies. These risks include fluctuations in the exchange rates of foreign currencies that may affect the U.S. dollar value of a security, and the possibility of substantial price volatility as a result of political and economic instability in the foreign country. Other risks of investing in foreign securities include: less public information about issuers of securities, different securities regulation, different accounting, auditing and financial reporting standards and less liquidity in foreign markets than in U.S. markets.

**Growth Stock Risk.** Growth securities experience relatively rapid earnings growth and typically trade at higher multiples of current earnings than other securities. Therefore, growth securities may be more sensitive to changes in current or expected earnings than other securities. Growth securities also may be more volatile because growth companies usually invest a high portion of earnings in their business, and they may lack the dividends of value stocks that can lessen the decreases in stock prices in a falling market. A company may never achieve the earnings expansion the Fund anticipates.

**Liquidity Risk.** Liquidity risk exists when particular investments are difficult to purchase or sell. The Fund's investments in illiquid securities may reduce the returns of the Fund because it may be unable to sell the illiquid securities at an advantageous time or price.

**Portfolio Selection Risk.** The value of your investment may decrease if the investment adviser's judgment about the attractiveness, value or market trends affecting a particular security, issuer, industry or sector or about market movements is incorrect.

**Portfolio Turnover Risk.** Engaging in active and frequent trading of securities may result in a higher than average level of capital gains and greater transaction costs to the Fund, including brokerage commissions or dealer mark-ups and other transaction costs

## Additional Information About Investment Strategies and Related Risks

on the sale and reinvestments of securities. Such sales may also result in the realization of capital gains, including short-term capital gains (which are taxed at ordinary income tax rates for federal income tax purposes, rather than at lower capital gains rates) and may adversely impact the Fund's performance. It is possible that the Fund engaging in active and frequent trading may be required to make significant distributions derived from taxable gains, regardless of the Fund's net longer term performance. The trading costs and tax effects associated with portfolio turnover will adversely affect the Fund's performance and lower the Fund's effective return for investors.

**Sector Risk.** To the extent a Fund invests a significant portion of its assets in a particular sector, a greater portion of the Fund's performance may be affected by the general business and economic conditions affecting that sector. Each sector may share economic risk with the broader market, however there may be economic risks specific to each sector. As a result, returns from those sectors may trail returns from the overall stock market, and it is possible that a Fund may underperform the broader market or experience greater volatility.

**Small Company Risk.** Small company stocks have historically been subject to greater investment risk than mid-sized and large company stocks. The risks generally associated with small companies include more limited product lines, markets and financial resources, lack of management depth or experience, dependency on key personnel, and vulnerability to adverse market and economic developments. Accordingly, the prices of small company stocks tend to be more volatile than prices of mid-sized and large company stocks. Further, the prices of small company stocks are often adversely affected by limited trading volumes and the lack of publicly available information.

### Portfolio security holdings disclosure

A description of the Fund's policies and procedures in connection with the disclosure of portfolio security holdings of the Fund is available in the statement of additional information and on the Fund's website, [www.calamos.com](http://www.calamos.com).

# Fund Facts

## Who manages the Fund?

The Fund's investments are managed by CALAMOS ADVISORS LLC, 2020 Calamos Court, Naperville, IL. CALAMOS ADVISORS is a wholly owned subsidiary of CALAMOS INVESTMENTS LLC ("CILLC"). Calamos Asset Management, Inc. ("CAM") is the sole manager of CILLC. As of December 31, 2018, approximately 22% of the outstanding interests of CILLC is owned by CAM and the remaining approximately 78% of CILLC is owned by CALAMOS PARTNERS LLC ("CPL") and John P. Calamos, Sr. CPL is owned by CALAMOS FAMILY PARTNERS, Inc. ("CFP") and John S. Koudounis. CFP is owned by members of the Calamos family, including John P. Calamos, Sr.

Subject to the overall authority of the board of trustees, CALAMOS ADVISORS provides continuous investment supervision and management to the Fund under a management agreement and also furnishes office space, equipment and management personnel. The Fund pays CALAMOS ADVISORS a fee based on its average daily net assets that is accrued daily and paid on a monthly basis. The Fund pays a fee on its average daily net assets at the annual rate of 0.90% on the first \$500 million, 0.80% on the next \$500 million, and 0.75% on average daily net assets in excess of \$1 billion.

With respect to each fund in the Calamos Family of Funds (each an "acquiring fund") that invests in shares of the Fund, CALAMOS ADVISORS agrees to waive an amount equal to the portion of the advisory fee payable to the Fund that is attributable to the acquiring fund's investment in the Fund, based on daily net assets.

CALAMOS ADVISORS has contractually agreed to limit the annual ordinary operating expenses of the Fund as a percentage of the average net assets of the particular class of shares to 1.30% for Class A shares and 1.05% for Class I shares. CALAMOS ADVISORS has contractually agreed to limit the Fund's annual ordinary operating expenses for Class R6 shares (as a percentage of average net assets) to 1.05% less the Fund's annual sub-transfer agency ratio (the aggregate sub-transfer agency fees of the Fund's other share classes divided by the aggregate average annual net assets of the Fund's other share classes). For purposes of the expense limitation agreement, operating expenses do not include taxes, interest, short interest, short dividend expenses, brokerage commissions, acquired fund fees and expenses, and extraordinary expenses, if any. This expense limitation agreement is binding on CALAMOS ADVISORS through March 1, 2022 for the Fund. This undertaking is binding on CALAMOS ADVISORS and any of its successors and assigns. This agreement is not terminable by either party.

At a meeting held on March 12, 2019, the board of trustees unanimously approved the management agreement for the Fund. A discussion regarding the basis for the approval by the board of trustees of the management agreement for the Fund will be included in the Fund's semi-annual report to shareholders for the period ended April 30, 2019.

CALAMOS ADVISORS has been named as a defendant in a complaint captioned *Chill v. Calamos Advisors LLC, et al.*, which was filed in the United States District Court for the Southern District of New York on February 11, 2015 (the "Complaint"). The Complaint, which was filed by two shareholders of an open-end investment company (the Calamos Growth Fund or the "Fund" in this description) advised by CALAMOS ADVISORS, also names as a defendant Calamos Financial Services LLC ("CFS") (CALAMOS ADVISORS and CFS are referred to as the "Defendants"). The Complaint alleges that CALAMOS ADVISORS breached its fiduciary duty under Section 36(b) of the 1940 Act with respect to its receipt of advisory fees paid by the open-end investment company, and that the Defendants breached their fiduciary duties under Section 36(b) with respect to the receipt of distribution and servicing fees paid by the open-end investment company. The Complaint, which the plaintiffs purport to bring on behalf of the open-end investment company, does not relate to the Fund. The Complaint requests relief in the form of (i) a declaration that the Defendants violated Section 36(b) of the 1940 Act, (ii) permanent injunction of the Defendants from further violating Section 36(b), (iii) compensatory damages, including repayment of excessive investment advisory fees and distribution fees, (iv) rescinding such open-end investment company's investment management agreement and distribution plan and (v) reasonable costs. In April 2017, the parties stipulated to the dismissal, with prejudice, of plaintiffs' claims that alleged excessive Rule 12b-1 distribution fees and extraction of additional compensation for investment advisory services. As a result, CFS was dismissed from this lawsuit. The stipulation was not the result of a settlement or compromise or the payment of any consideration by Defendants to plaintiffs or plaintiffs' counsel.

The Defendants believe that the Complaint is without merit, and intend to defend themselves vigorously against the allegations. CALAMOS ADVISORS also believes that the Complaint will not have a material adverse effect on the ability of CALAMOS ADVISORS to perform its obligations under its investment management agreement with the Fund. A bench trial was conducted in this case during the latter two weeks of November 2018 with closing arguments held in February 2019. The parties are awaiting the court's decision.

## Fund Facts

On January 10, 2017, Calamos Asset Management, Inc. (“CAM” or the “Company”) entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Calamos Partners LLC, a Delaware limited liability company (“Parent”), and CPCM Acquisition, Inc., a Delaware corporation (“Offeror”) and wholly owned subsidiary of Parent, pursuant to which, among other things, (i) Offeror and Parent agreed to make a cash tender offer (the “Offer”) to purchase all of the outstanding shares of CAM’s Class A Common Stock, par value \$0.01 per share (the “Shares”), at a purchase price of \$8.25 per Share in cash (the “Offer Price”) and (ii) after the completion of the Offer and subject to the satisfaction or waiver of certain conditions, the Offeror would be merged with and into CAM, with CAM continuing as the surviving corporation and a wholly owned subsidiary of Parent (the “Merger”). On February 21, 2017, pursuant to the Merger Agreement, Offeror merged with and into CAM, with CAM continuing as the surviving entity and a wholly-owned subsidiary of Parent. The Merger was effected pursuant to Section 251(h) of the General Corporation Law of the State of Delaware pursuant to which no stockholder vote was required to consummate the Merger. Each outstanding Share that was not tendered and accepted pursuant to the Offer (other than Shares held in the treasury of the Company, or that were owned at the commencement of the Offer by Offeror and certain of its affiliates, or owned by any stockholder that properly demanded and perfected appraisal rights) was cancelled and converted into the right to receive cash consideration (without interest) in an amount equal to the Offer Price. The following litigation is pending and relates to the Merger.

*In Re Calamos Asset Management, Inc. Stockholder Litigation, Consolidated*, C.A. No. 2017-0058 (Court of Chancery, State of Delaware) (the “Consolidated Class Action”) — In July 2017 five previously filed and outstanding putative stockholder class action lawsuits were consolidated into a single action. The operative Complaint in the Consolidated Class Action was filed in May 2017 and was titled, *Schechter, et al. v. John P. Calamos, Sr., John Koudounis, Calamos Family Partners LLC, Calamos Partners, LLC and CPCM Acquisition, Inc.*, C.A. No. 2017-0356 (Court of Chancery, State of Delaware). The operative Complaint alleges, among other things, that in developing, negotiating, and carrying out the Offer and the Merger, the defendants exploited their control of CAM, breached the fiduciary duties they owed to CAM and its shareholders, and deprived CAM’s stockholders of fair consideration for their shares. The alleged breaches of duty include preventing CAM’s Special Committee (comprised of CAM’s independent board members) from negotiating with the defendants at arm’s length; withholding material information about CAM’s financial prospects from the Special Committee and CAM stockholders; and knowingly depressing CAM’s stock price during the period leading up to the Offer. Similar allegations are made separately against Messrs. Calamos and Koudounis, who also are alleged to have breached their fiduciary duties as directors and officers of CAM. The Complaint seeks to certify a class of plaintiffs consisting of plaintiffs and all other former holders of CAM’s Class A stock (except for the defendants and their affiliates and successors in interest), and the Complaint seeks to recover for the putative class members certain rescissory and compensatory damages in an amount to be proven at trial, as well as pre and post-judgment interest and reasonable attorneys’ and experts’ fees. A settlement in principle has been reached to resolve the Consolidated Class Action, as reflected in a memorandum of understanding (the “MOU”) embodying the principal terms of the settlement dated as of October 24, 2018, that was filed with the Court on October 30, 2018. Counsel for the Company and the class have filed a definitive settlement stipulation on January 11, 2019, which will effectuate the terms of the MOU, and which will ultimately be presented to the Court for approval after notice to all shareholders. In a January 15, 2019 scheduling order, the court scheduled a hearing to consider the settlement and fee award for April 25, 2019. On April 3, 2019, counsel for the class plaintiffs filed papers with the court seeking approval of the settlement and an award of attorneys’ fees. The scheduling order provides that any stockholder objections to the settlement and fee award will not be considered unless they are filed no later than ten business days prior to the April 25, 2019 hearing date, unless otherwise ordered by the court. So far, only one such objection has been filed, by the Mangrove Partners Master Fund, Ltd. (“Mangrove”). Mangrove’s objection asserts that Mangrove should be allowed to opt out of the plaintiff class or settlement, that Mangrove’s fiduciary duty claims, described below, should not be incorporated into the settlement, and that the settlement and fee provisions are not fair to all stockholders. The Company expects that the class plaintiffs will respond to this objection; the Company may also submit a response to the objection.

*In Re Appraisal of Calamos Asset Management, Inc., Consolidated* C.A. No. 2017-0139-JTL (Court of Chancery, State of Delaware) (the “Consolidated Appraisal Action”) — In August 2017 two previously filed and outstanding appraisal actions were consolidated into a single action. The operative Petition in the Consolidated Appraisal Action was filed in February 2017 and was titled *The Mangrove Partners Master Fund, Ltd v. Calamos Asset Management, Inc.*, C.A. No. 2017-0139 (Court of Chancery, State of Delaware). The operative Petition seeks an appraisal under Section 262 of the General Corporation Law of the State of Delaware

("DGCL"). Mangrove alleges it is the beneficial owner of 2,767,490 shares of Class A common stock of Calamos Asset Management, Inc. ("CAM"). (Fair Value Investments, Inc., the other appraisal petitioner, and together with Mangrove (the "Petitioners"), alleges it is the beneficial owner of 100 shares of Class A common stock of CAM.). The Petitioners allege that each properly demanded appraisal as to said shares and that Section 262 of the DGCL entitles Petitioners to direct payment by CAM of the fair value of Petitioners' shares with interest and an award of costs, including attorneys' fees and experts' fees. CAM believes that the Petitioners' allegations are without merit and will defend against them vigorously. Trial had been scheduled for February 2019, but the parties jointly requested and obtained an adjournment of the trial until July 2019 so that the parties can hold a mediation which is scheduled to begin in May 2019.

*The Mangrove Partners Master Fund, Ltd. v. John P. Calamos, Sr., Calamos Family Partners, Inc., John S. Koudounis, Calamos Partners LLC and CPCM Acquisitions, Inc., C.A. No. 2018-0883, (Court of Chancery, State of Delaware)* — In December 2018, Mangrove filed a complaint, in addition to its complaint seeking statutory appraisal of CAM shares, in which it alleges substantially similar allegations as raised in the Consolidated Class Action concerning alleged breaches of fiduciary duty. The alleged breaches of fiduciary duty include preventing CAM's Special Committee (comprised of CAM's independent board members) from negotiating with the defendants at arm's length; withholding material information about CAM's financial prospects from the Special Committee and CAM stockholders; and knowingly depressing CAM's stock price during the period leading up to the Offer. Similar allegations are made separately against Messrs. Calamos and Koudounis, who also are alleged to have breached their fiduciary duties as directors and officers of CAM. The complaint seeks to recover certain rescissory and compensatory damages in an amount to be proven at trial, as well as pre and post-judgment interest and reasonable attorneys' and experts' fees. CAM believes that Mangrove's allegations in its fiduciary duty action are without merit and expects that the defendants will defend against them vigorously.

On December 19, 2018, the court issued an order consolidating Mangrove's new fiduciary duty action with the Consolidated Class Action. The court's order noted that Mangrove is a member of the shareholder class in the Consolidated Class Action, and thus if the court approves the pending settlement in the Consolidated Class Action, then Mangrove's fiduciary duty claims will be compromised by that settlement and extinguished. The court also indicated that Mangrove will not be permitted to maintain its own fiduciary duty action, separate from the Consolidated Class Action.

For purposes of the following cases, *In Re Calamos Asset Management, Inc. Stockholder Litigation* ("Class Action") and *In Re Appraisal of Calamos Asset Management, Inc.* (the "Appraisal Actions"), are collectively referred to as the "Underlying Proceedings"

*Calamos Asset Management, Inc. v. Travelers Casualty and Surety Company of America, Case No. N18C-09-055 PRW*, filed in the Superior Court of the State of Delaware, on September 7, 2018, and removed to the United States District Court for the District of Delaware on September 28, 2018 (the "Delaware Declaratory Judgment Proceeding") — Calamos Asset Management, Inc. ("CAM") filed a lawsuit against Travelers Casualty and Surety Company of America ("Travelers") seeking a court determination that Travelers is obligated to afford coverage under its excess Directors & Officers ("D&O") liability insurance policy to CAM in connection with the Underlying Proceedings. The Travelers D&O policy has a policy period from October 27, 2016 through October 27, 2017 (the "Travelers Policy"). The limit of liability of the Travelers Policy is \$10 million, which sits in excess to both a \$10 million primary policy and a \$10 million first excess policy written by XL Specialty Insurance Company ("XL") and Continental Casualty Company ("CNA"), respectively. CAM alleges in this action that the Underlying Proceedings constitute a covered "claim" under the Travelers Policy. Travelers disagrees that any settlement of the Underlying Proceedings would constitute covered loss under the Travelers Policy. CAM seeks a declaratory judgment concerning coverage under the Travelers Policy for the Underlying Proceedings, as well as breach of contract damages, and such further relief as the Court deems just and proper. On September 28, 2018, Travelers removed the Delaware Declaratory Judgment Proceeding from state court to the federal district court in Delaware. Travelers has moved the federal district court in Delaware to transfer the Delaware Declaratory Judgment Proceeding to the United States District Court for the Northern District of Illinois, where Travelers has filed the Travelers Illinois Action, addressed below. CAM has opposed Travelers' transfer motion and has moved the federal district court in Delaware to enjoin Travelers from prosecuting the Travelers Illinois Action.

*Travelers Casualty and Surety Company of America v. Calamos Asset Management, Inc., John P. Calamos, Sr., John Koudounis, Calamos Family Partners, Inc., Calamos Partners, LLC, CPCM Acquisition Inc., Mangrove Partners Master Fund, Ltd., Fair Value*

## Fund Facts

*Investments, Inc., Robert Schechter, and Rita M. Pachtel, Case No. 1:18-cv-06280, filed in the United States District Court for the Northern District of Illinois, Eastern Division, on September 13, 2018, with the complaint amended on September 14, 2018 (the "Travelers Illinois Action").* This lawsuit was filed by Travelers Casualty and Surety Company of America ("Travelers") in response to the Delaware Declaratory Judgment Proceeding filed against Travelers by Calamos Asset Management, Inc. ("CAM"). Travelers sought declaratory relief with respect to the same issues presented in the Delaware Declaratory Judgment Proceeding specifically, whether the Travelers Policy affords coverage to CAM in connection with the Underlying Proceedings. On November 19, 2018, CAM has moved the Illinois federal district court to dismiss or stay the Travelers Illinois Action, on grounds that it is duplicative of the first-filed Delaware Declaratory Judgment Proceeding, and on April 5, 2019, the court granted CAM's motion to dismiss the Travelers Illinois Action.

### Portfolio Managers

**Brandon Nelson.** Brandon Nelson joined CALAMOS ADVISORS on May 31, 2019 as a Senior Portfolio Manager. Previously, he was President, Chief Investment Officer and a director of Timpani Capital Management, LLC since 2008.

The Fund's statement of additional information provides additional information about the portfolio manager, including other accounts he manages, his ownership in the Calamos Family of Funds and his compensation.

### What classes of shares does the Fund offer?

This prospectus offers three classes of shares of the Fund: Class A, Class I and Class R6 shares. The different classes of Fund shares are investments in the same portfolio of securities, but each class of shares has different expenses and will likely have different NAVs. The main differences between Class A, Class I and Class R6 shares lie primarily in their initial sales charge structures and their distribution and service fees. Class A shares generally bear an initial sales charge at the time of purchase and a distribution fee. Class I and Class R6 shares are offered at NAV with no initial sales charge, no contingent deferred sales charge, and do not bear distribution or service fees.

Pursuant to the Reorganization of the Predecessor Fund into the Fund, Class Y shareholders of the Predecessor Fund received Class A shares, and Service Class and Institutional Class shareholders of the Predecessor Fund received Class I shares. The sales load, initial investment and additional investment minimums are waived for Class Y shareholders of the Predecessor Fund who received Class A shares as part of the Reorganization. The Class I eligibility requirements and initial investment minimum are waived for Service Class and Institutional Class shareholders of the Predecessor Fund.

Please see the "How Can I Buy Shares — By Exchange" section of the prospectus for a discussion of the exchange features of the Fund's share classes.

The availability of certain sales charge waivers and discounts will depend on whether you purchase your shares directly from the Fund or through a financial intermediary. Intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or contingent deferred (back-end) sales load waivers, which are discussed below. In all instances, it is your responsibility to notify the Fund or your financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase Fund shares directly from the Fund or through another intermediary to receive these waivers or discounts.

**The sales charge and contingent deferred sales charge waiver categories described below may not apply to customers purchasing shares of the Fund through any of the financial intermediaries specified in the Appendix to this prospectus. Different financial intermediaries may impose different sales charges. Please refer to the Appendix for the sales charge or contingent deferred sales charge waivers or discounts that are applicable to each financial intermediary.**

The Fund does not provide separate information regarding sale charge discounts on their website, however information regarding sale charge discounts is included the Fund's prospectus, which can be obtained on Calamos Advisors' website at [www.calamos.com](http://www.calamos.com).

### Class A shares

The offering price for Class A shares is the NAV per share plus an initial sales charge rounded to the nearest whole cent. Due to rounding, the actual sales charge may be more or less than the percentage shown. The maximum sales charge is 4.75% of the offering price. The sales charge varies depending on the amount of your purchase, as follows:

CALAMOS TIMPANI SMALL CAP GROWTH FUND	SALES CHARGE	
	AS A % OF NET AMOUNT INVESTED	AS A % OF OFFERING PRICE
Less than \$50,000	4.99%	4.75%
\$50,000 but less than \$100,000	4.44%	4.25%
\$100,000 but less than \$250,000	3.63%	3.50%
\$250,000 but less than \$500,000	2.56%	2.50%
\$500,000 but less than \$1,000,000	2.04%	2.00%
\$1,000,000 or more*	None	None

\* Redemption of shares may be subject to a contingent deferred sales charge as discussed below.

Class A shares also have a 0.25% distribution (12b-1) fee. See “Distribution and service (Rule 12b-1) plan” for more information about distribution fees.

### How can I reduce sales charges for Class A purchases?

As the table above shows, the larger your investment, the lower your initial sales charge on Class A shares. Each investment threshold that qualifies for a lower sales charge is known as a “breakpoint.” You may be able to qualify for a breakpoint on the basis of a single purchase or by aggregating the amounts of more than one purchase in the following ways:

#### Rights of accumulation

You may combine the value at the current public offering price of Class A shares of any fund within the Calamos Family of Funds already owned and Fidelity Investments Money Market Treasury Portfolio Shares (discussed below) previously purchased by exchange from Calamos Fund shares with a new purchase of Class A shares of any Fund within the Calamos Family of Funds to reduce the sales charge on the new purchase. The sales charge for the new shares will be figured at the rate in the table above that applies to the combined value of your current and new investment. If purchasing shares through a financial intermediary, please also see the “Reduced sales charges available through certain financial intermediaries” section for more information.

#### Letter of Intent

Under a letter of intent, you may purchase additional Class A shares of the Fund over a 13-month period and receive the same sales charge as if you had purchased all the shares at once. A letter of intent does not obligate you to purchase or sell additional Class A shares. See the statement of additional information for more information about letters of intent. If purchasing shares through a financial intermediary, please also see the “Reduced sales charges available through certain financial intermediaries” section for more information.

#### Large purchase order

You may purchase the Fund’s Class A shares at the NAV without a sales charge provided that the total amount invested in Class A shares of all funds within the CALAMOS FAMILY OF FUNDS totals at least \$1,000,000. Shares of the Fund purchased at NAV in an account with a value of \$1,000,000 without a sales charge may incur a contingent deferred sales charge of 1.00% if sold within two years after purchase, excluding shares purchased from the reinvestment of dividends or capital gains distributions. See “Contingent deferred sales charges” for more information about contingent deferred sales charges.

#### What accounts are eligible for reduced sales charges on Class A shares?

You may aggregate your eligible accounts with the eligible accounts of members of your immediate family to obtain a breakpoint discount. The types of eligible accounts that may be aggregated to obtain the breakpoint discounts described above include:

- Individual accounts
- Joint accounts
- Certain IRA accounts

## Fund Facts

For the purpose of obtaining a breakpoint discount, members of your “immediate family” include your spouse, child, stepchild, parent, stepparent, sibling, grandchild and grandparent, in each case including in-law and adoptive relationships. In addition, a fiduciary can count all shares purchased for a trust, estate or other fiduciary account (including one or more employee benefit plans of the same employer) that has multiple accounts. Eligible accounts include those registered in the name of your financial intermediary through which you own CALAMOS FAMILY OF FUNDS SHARES. If purchasing shares through a financial intermediary, please also see the “Reduced sales charges available through certain financial intermediaries” section for more information.

### Who may purchase Class A shares without a sales charge?

Any of the following investors may purchase Class A shares of the Fund at NAV, with no initial sales charge:

- (a) any investor buying shares through a wrap account or other investment program whereby the investor pays the investment professional directly for services;
- (b) any investor buying Class A shares by exchanging Class A shares of another Fund in the CALAMOS FAMILY OF FUNDS or Fidelity Investments Money Market Treasury Portfolio Shares, if purchases of those shares have previously incurred a sales charge (see “Money market fund” below);
- (c) any trust created under a pension, profit sharing or other employee benefit plan (including qualified and non-qualified deferred compensation plans), where such plan has at least \$1,000,000 in assets or 100 employees, or where the administrator for such plan acts as the administrator for qualified employee benefit plans with assets of at least \$1,000,000, except for purchases by such plans made through brokerage relationships in which sales charges are customarily imposed;
- (d) any company exchanging shares with the Fund pursuant to a merger, acquisition or exchange offer;
- (e) any investor or intermediary platform on behalf of investors, including any investment company, that has entered into an investment advisory agreement or other written arrangements with CALAMOS ADVISORS or its affiliates;
- (f) some insurance company separate accounts not otherwise restricted by Internal Revenue Code Section 817(h);
- (g) any current or retired trustee of the Trust, or other registered investment company where CALAMOS ADVISORS acts as the sole investment adviser; or any associated trust, person, profit sharing or other benefit plan of such current or retired trustee;
- (h) any employee of CFS, the Fund’s distributor, or its affiliates;
- (i) employees of an entity with a selling group agreement with CFS;
- (j) any member of the immediate family of a person qualifying under (g), (h) or (i) including a spouse, child, stepchild, parent, stepparent, sibling, grandchild and grandparent, in each case including in-law and adoptive relationships;
- (k) accounts at any intermediary who have entered into an agreement with CFS to offer shares to self-directed accounts; or
- (l) any Class Y shareholders of the Predecessor Fund that received Class A shares in connection with the Reorganization with the Fund. The initial investment and additional investment minimums are waived for Class Y shareholders of the Predecessor Fund who received Class A shares as part of the Reorganization.

Proceeds of Class A shares redeemed from the Fund within the previous 60 days may be reinvested in Class A shares of that Fund at NAV without a sales charge.

If purchasing shares through a financial intermediary, please also see the “Reduced sales charges available through certain financial intermediaries” section for more information.

### How do I obtain a breakpoint discount or purchase Class A shares without a sales charge?

The steps to obtain a breakpoint discount depend on how your account is maintained with the CALAMOS FAMILY OF FUNDS. To obtain any of the breakpoint discounts described above, you must notify us or your financial advisor at the time you purchase shares of each eligible account you or a member of your immediate family maintains. For example, if an initial investment that was less than \$1,000,000 grows to over \$1,000,000, you must tell us or your financial advisor that you qualify to purchase Class A shares without an initial sales charge when you make a subsequent investment. **If you do not let us or your financial advisor**

**know of all of the holdings or planned purchases that make you eligible for a reduction, you may not receive a discount to which you are otherwise entitled.** If you make your investment through a financial advisor, it is solely your financial advisor's responsibility to ensure that you receive discounts for which you are eligible, and the Fund is not responsible for a financial advisor's failure to apply the eligible discount to your account. You may be asked by us or your financial advisor for account statements or other records to verify your discount eligibility, including, where applicable, records for accounts opened with a different financial advisor and records of accounts established by members of your immediate family. If you own shares exclusively through an account maintained with the Fund's transfer agent, you will need to provide the foregoing information to us at the time you purchase shares. Additional information regarding sales loads and discounts applicable to us may be found in the Fund's statement of additional information, which can be obtained on CALAMOS ADVISORS' website at [www.calamos.com](http://www.calamos.com).

If purchasing shares through a financial intermediary, please also see the "Reduced sales charges available through certain financial intermediaries" section for more information.

### Conversion to Class I Shares

Certain holders of Class A shares issued by the Fund may convert their Class A shares for Class I shares of the Fund provided that they: (1) hold their shares through an institution that has a valid Class I sales agreement with CFS authorizing such a conversion; and (2) are otherwise eligible to invest in Class I shares through their financial intermediary in accordance with the criteria set forth in Fund Facts — What classes of shares does the Fund offer? — Class I. Any such conversion is subject to the Fund's discretion to accept or reject. Shares still subject to a contingent deferred sales charge are not eligible for such conversions — this includes Class A shares originally purchased at net asset value pursuant to the \$1,000,000 purchase order privilege. Share class conversions are not eligible for contingent deferred sales charge waivers. For federal income tax purposes, a same-Fund conversion generally will not result in the recognition by the investor of a capital gain or loss. However, investors should consult their own tax or legal adviser to discuss their particular circumstances. Class A shareholders should contact their financial intermediary for information on the availability of Class I shares, and should read and consider the information set forth in Fund Facts — What classes of shares does the Fund offer? — Class I before any such conversion.

### Class I shares

The offering price for Class I shares is the NAV per share with no initial sales charge. There is no contingent deferred sales charge nor distribution or service fees with respect to Class I shares. Class I shares are offered primarily for direct investment by investors through certain tax-advantaged retirement plans (including 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans, defined benefit plans and non-qualified deferred compensation plans) and by institutional clients, provided such plans or clients have assets of at least \$1 million. Class I shares may also be offered to certain other entities or programs, including, but not limited to, investment companies, fee-based advisory relationships, and brokerage platforms of firms that have agreements with Calamos Advisors or its affiliates to offer such shares when acting solely on an agency basis for the purchase or sale of such shares, under certain circumstances. If you transact in Class I shares through a brokerage platform, you may be required to pay a commission and/or other forms of compensation to the broker. Shares of the Fund are available in other share classes that have different fees and expenses.

The minimum initial investment required to purchase the Fund's Class I shares is \$1 million. There is no minimum subsequent investment requirement. The Fund may reduce or waive the minimum initial investment of \$1 million at its sole discretion. The minimum initial investment is waived for current or retired trustees of the Trust, CAM and its subsidiaries, officers and employees of Calamos Advisors, employees of CFS, or employees of an entity with a selling group arrangement with CFS, and their immediate family members, including a spouse, child, stepchild, parent, step parents, sibling, grandchild and grandparent, in each case including in-law and adoptive relationships. It is also waived for clients of Calamos Advisors or an affiliate thereof who acquire shares of the Fund made available through a mutual fund asset allocation program offered by Calamos Advisors or an affiliate thereof. Also, the minimum initial investment for Class I shares may be waived or reduced at the discretion of CFS, the Fund's distributor, including waivers or reductions for purchases made through certain registered investment advisers, fee-based advisory relationships, qualified third party platforms, certain tax-advantaged retirement plans (as further defined above), and brokerage platforms (as described above). Certain holders of Class A shares issued by the Fund may convert their shares for Class I shares of the same Fund provided that they meet certain conditions set forth in this prospectus. Pursuant to the Reorganization of

## Fund Facts

the Predecessor Fund into the Fund, Service Class and Institutional Class shareholders of the Predecessor Fund received Class I shares in connection with the Reorganization with the Fund. The Class I eligibility requirements and initial investment minimum are waived for Service Class and Institutional Class shareholders of the Predecessor Fund who received Class I shares as part of the Reorganization.

As a result of the relatively lower expenses for Class I shares, the level of income dividends per share (as a percentage of NAV) and, therefore, the overall investment return, will typically be higher for Class I shares than for Class A shares.

### Advisory Programs Eligible for Class I Shares

Class I shares purchased by accounts participating in certain programs sponsored by and/or controlled by financial intermediaries (“Advisory Programs”) may be exchanged by the financial intermediary on behalf of the shareholder for Class A shares of the same Fund under certain circumstances. If a shareholder that holds Class I shares of the Fund no longer participates in an Advisory Program, the Class I shares held by the shareholder may be exchanged by the financial intermediary on behalf of the shareholder for Class A shares of the same Fund under certain circumstances. In this case, the shareholder would be subject to ongoing Class A shares’ Rule 12b-1 fees to which it was not previously subject. All such exchanges are initiated by the financial intermediary and not the Fund, and the Fund does not have information or oversight with respect to such exchanges. Such exchanges will be on the basis of each Class’ NAV per share, without the imposition of any sales charge, fee or other charge.

### Class R6 Shares

Class R6 shares are offered at NAV with no initial sales charge. There is no contingent deferred sales charge nor distribution or service fees with respect to Class R6 shares. There is no minimum initial investment nor minimum subsequent investment requirement for Class R6 share. Class R6 shares are available for use by employer-sponsored retirement and benefit plans, held either at the plan level or through omnibus accounts that generally process no more than one net redemption and one net purchase transaction each day. Eligible employer-sponsored retirement and benefit plans include 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans, defined benefit plans, non-qualified deferred compensation plans, health care benefit funding plans and other specified benefit plans and accounts whereby the plan or the plan’s broker, dealer or other financial intermediary (“financial intermediary”) has an agreement with CFS, the Fund’s distributor, or the Adviser to utilize Class R6 shares in certain investment products or programs (“specified benefit plans”). Class R6 shares are not available to retail or institutional investors that are not specified benefit plans. Class R6 shares are not available to Traditional or Roth IRAs, Coverdell Education Savings Accounts, SEPs, SAR-SEPs, SIMPLE IRAs, individual participant-level 403(b) plans or 529 portfolios.

### Reduced sales charges available through certain financial intermediaries

When purchasing shares through a financial intermediary, you may not benefit from certain policies and procedures of the Fund as your eligibility to purchase shares may be dependent upon the policies and procedures of your financial intermediary, including those regarding reductions or waivers of sales charges and other features of the share class. In all instances, it is your responsibility to notify your financial intermediary of any relationship or other facts that may qualify your investment for sales charge reductions or waivers and other features of the class. **Different financial intermediaries may impose different sales charges. Please refer to the Appendix for the sales charge or contingent deferred sales charge waivers or discounts that are applicable to each financial intermediary.**

### Share Class Conversions

As deemed appropriate and if found to be in the best interest of the shareholders affected, the Fund may make available other share class conversion options, other than those specifically disclosed in this prospectus, at its sole discretion. Holders of a certain share class issued by the Fund may be eligible to convert their shares for another share class of the same Fund provided that they: (1) hold their shares through an institution that has a valid sales agreement, for the share classes involved, with CFS authorizing such a conversion; and (2) are otherwise eligible to invest in the share classes involved through their financial intermediary in accordance with the criteria set forth in this prospectus. Shares still subject to a contingent deferred sales charge are not eligible for such conversions. Share class conversions are not eligible for contingent deferred sales charge waivers. For federal income tax purposes, a same-Fund conversion generally will not result in the recognition by the investor of a capital gain or loss. However,

investors should consult their own tax or legal adviser to discuss their particular circumstances. Shareholders should contact their financial intermediary for information on share class availability, and should read and consider the corresponding prospectus before any such conversion.

### **Money market fund**

If you wish to exchange your Fund shares for shares of a money market fund, you may exchange them for shares of the Fidelity Investments Money Market Treasury Portfolio ("Fidelity Treasury Shares"). Class A and Class I shares of the Fund may be exchanged for Class III and Class I Fidelity Treasury Shares, respectively. Class R6 shares cannot be exchanged for Fidelity Treasury Shares.

Fidelity Treasury Shares are offered by a separate prospectus and are not offered by the Fund. You may at any time exchange your Fidelity Treasury Shares back into shares of the equivalent class of the CALAMOS FAMILY OF FUNDS. However, should you redeem (and not exchange) your Fidelity Treasury Shares, you would pay any applicable contingent deferred sales charge. For a prospectus and more complete information on Fidelity Treasury Shares, including management fees and expenses, please call 800.582.6959. Please read the prospectus relating to Fidelity Treasury Shares carefully.

Not all financial intermediaries make Fidelity Treasury Shares available to their customers who hold shares of the Fund. Please contact your financial intermediary about the availability of Fidelity Treasury Shares.

### **Closed Fund Policies**

The Fund reserves the right to reject any order for the purchase of shares in whole or in part for any reason, and to suspend the sale of shares to the public in response to conditions in the securities markets or otherwise.

### **Contingent deferred sales charges**

Any contingent deferred sales charge on redemptions of Class A shares is based on the lesser of the redemption price or purchase price of the Fund shares. For purposes of determining a contingent deferred sales charge, Fund shares are considered sold on a first-in, first-out basis. The contingent deferred sales charge may be waived under certain circumstances. See the statement of additional information for more information about the contingent deferred sales charge.

### **Which class of shares should I purchase?**

The decision as to which class of shares you should purchase depends on a number of factors, including the amount and intended length of your investment. An investor making an investment that qualifies for reduced sales charges might consider Class A shares. For more information about the share classes available, consult your financial advisor or call us toll free at 800.582.6959. Please note that financial intermediaries may receive different compensation depending upon which class of shares they sell.

### **What is the minimum amount I can invest in the Fund?**

The minimum initial investment for Class A shares is \$2,500 per Fund account. For certain qualified retirement plans, such as individual retirement accounts, the minimum initial investment for Class A shares is \$500 per Fund account. The minimum subsequent investment for Class A shares is \$50 per Fund account. The minimum initial investment for Class I shares is \$1,000,000 per Fund account, with no minimum subsequent investment amount. There is no minimum initial or subsequent investment amount for Class R6 shares. The Fund may waive or reduce the minimum initial or subsequent investment requirement at its sole discretion, including waivers or reductions for purchases made through any omnibus account or fee-based program of any financial intermediary with whom CALAMOS ADVISORS has entered into an agreement, including, without limitation, profit sharing or pension plans, Section 401(k) plans and Section 403(b)(7) plans in the case of employees of public school systems and certain non-profit organizations. There is no minimum initial investment for Class R6 shares for participants in employer-sponsored retirement and benefit plans. Class Y shareholders of the Predecessor Fund who received Class A shares as part of the Reorganization are exempt from the initial investment and additional investment minimums for Class A shares of the Fund. Service Class and Institutional Class shareholders of the Predecessor Fund who received Class I shares as part of the Reorganization are exempt from the eligibility requirements and initial investment minimum for Class I shares of the Fund.

## Fund Facts

### How can I buy shares?

#### Class A and I shares

You may buy shares of the Fund by contacting us, your financial advisor, your financial intermediary or the broker-dealer that gave you this prospectus. Your financial advisor or another intermediary may charge for its services. You may purchase shares from us directly without any additional charges other than those described above. When you buy shares, be sure to specify whether you want Class A or Class I shares. For more information about the share classes available, please contact the financial intermediary through which you are purchasing Fund shares or call us toll free at 800.582.6959. Please note that financial intermediaries may receive different compensation depending upon which class of shares they sell.

#### Class R6 shares — Notice to Plan Participants

The purchase and redemption options for Class R6 shares are generally available to plan administrators and/or the plans themselves, but not to the individual participants of such plans. Plan participants should contact the financial intermediary and/or plan administrator through which the plan is held for additional information on their respective plan assets and/or how to transact in their respective plan assets, as the Fund's transfer agent, U.S. Bank Global Fund Services, will generally have no information with respect to or control over an individual participant's plan assets. For direct investments, please note that neither the Fund nor its transfer agent offers master plan documentation and/or record-keeping services.

Benefit plan participants may purchase Class R6 shares only through specified benefit plans. In connection with the purchase, the plan record-keeper or financial intermediary may charge for such services. Specified benefit plans may also purchase Class R6 shares through the Fund's transfer agent, U.S. Bank Global Fund Services. To make direct investments, please call us toll free at 800.582.6959. Specified benefit plans that purchase their shares directly from the Fund must hold their shares in an omnibus account at the benefit plan level.

Specified benefit plans will hold Class R6 shares (either directly or through a financial intermediary and/or plan record-keeper) in nominee or street name as the plan's agent. In most cases, the Fund's transfer agent, U.S. Bank Global Fund Services, will have no information with respect to or control over accounts of specific Class R6 shareholders and participants may obtain information about their accounts only through their plan. Class R6 shares are only available through a financial intermediary if the financial intermediary will not receive from Fund assets or the Distributor's or an affiliate's resources any commission payments, service fees (including sub-transfer agent and networking fees), or distribution fees (including Rule 12b-1 fees) with respect to assets invested in Class R6 shares. Certificates for Class R6 shares will not be issued.

The offering price for shares will be based on the NAV per share, plus any applicable sales charge, next computed after receipt by the Fund's transfer agent of your purchase order in good form on any day the New York Stock Exchange (the "NYSE") is open for trading. Generally, if you place your order by 4:00 p.m. Eastern time, you will receive that day's offering price. Orders placed after 4:00 p.m. Eastern time will receive the following business day's offering price.

At the discretion of the Fund, an investor may be permitted to purchase shares of the Fund by transferring securities to the Fund that meet the Fund's investment objective and policies. Securities transferred to the Fund will be valued in accordance with the same procedures used to determine the Fund's net asset value at the time of the next determination of net asset value after such receipt. Shares issued by the Fund in exchange for securities will be issued at net asset value determined as of the same time. All dividends, interest, subscription, or other rights pertaining to such securities after such transfers to the Fund will become the property of the Fund and must be delivered to the Fund by the investor upon receipt from the issuer. Investors that are permitted to transfer such securities may be required to recognize a taxable gain on such transfer and pay tax thereon, if applicable, measured by the difference between the fair market value of the securities and the investors' basis therein but will not be permitted to recognize any loss. The Trust will not accept securities in exchange for shares of the Fund unless: (1) such securities are, at the time of the exchange, eligible to be included in the Fund's investment portfolio and current market quotations are readily available for such securities; and (2) the investor represents and warrants that all securities offered to be exchanged are not subject to any restrictions upon their sale by the Fund under the Securities Act or under the laws of the country in which the principal market for such securities exists, or otherwise.

We generally do not sell Fund shares to investors residing outside the U.S., Puerto Rico, Guam and the U.S. Virgin Islands, even if they are U.S. citizens or lawful permanent residents of the U.S. We will sell shares to investors residing outside the U.S. if they have U.S. military APO or FPO addresses.

Generally, each purchase of shares is confirmed by a written statement mailed to the shareholder, without issuance of share certificates. You generally may buy shares using the following methods:

#### **By mail**

You may purchase shares of the Fund by sending a check payable to the Calamos Family of Funds, along with a completed account application, to the Fund's transfer agent: U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201. A subsequent investment may be made by detaching the investment stub from your account statement and sending it, along with your check, in the envelope provided with your statement. If you do not have the investment stub, include the Fund name, your name, address, and account number on a separate piece of paper along with your check. All checks must be drawn on a U.S. bank in U.S. funds. To prevent check fraud, the Fund will not accept Treasury checks, credit card checks, traveler's checks, starter checks or checks written by third parties for the purchase of shares. The Fund also will not accept payment in cash, money orders, post-dated checks, or conditional orders for the purchase of shares. A \$25 charge will be imposed if any check or electronic funds transfer submitted for investment is returned, and the investor will be responsible for any resulting loss sustained by the Fund. If you purchase shares by check or by electronic funds transfer via the Automatic Clearing House ("ACH") Network, and redeem them shortly thereafter, payment may be delayed until the transfer agent is reasonably assured that the check or purchase by ACH has been collected, which may take 15 days.

When purchasing shares through a financial intermediary, you may not benefit from certain policies and procedures of the Fund as your eligibility to purchase shares may be dependent upon the policies and procedures of your financial intermediary, including those regarding purchase features of the share class.

**Please do not mail letters by overnight delivery service or registered mail to the Post Office Box address. The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bank Global Fund Services post office box, of purchase orders does not constitute receipt by the transfer agent of the Fund. Receipt of purchase orders is based on when the order is received at the transfer agent's offices.**

#### **By telephone**

Once you have established the Fund account, you may make subsequent purchases of \$50 or more over the telephone by debiting your bank account, if this purchase option has been pre-authorized on your Fund account. To electronically debit your bank account, you must hold your account at a financial institution that is an ACH member. The Fund will initiate most electronic transfers from your bank account to pay for the share purchase within that same business day. Generally, if your order is received prior to 4 p.m. Eastern time, your shares will be purchased at the next applicable price calculated on the day your order is placed. To permit telephone purchases, your account must be open for 15 calendar days, and you must have authorized telephone purchases on your account application. Call us at 800.582.6959 to purchase shares by telephone or to obtain an account application with the telephone purchase option. If you did not authorize telephone purchases on your original account application, you may request telephone purchases by submitting a request to the Fund's transfer agent, in writing along with a voided check or savings account deposit slip, at U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201.

When purchasing shares through a financial intermediary, you may not benefit from certain policies and procedures of the Fund as your eligibility to purchase shares may be dependent upon the policies and procedures of your financial intermediary, including those regarding purchase features of the share class.

The Fund may modify or terminate the ability to purchase shares by telephone at any time, or from time to time, without notice to shareholders. If your order to purchase shares of the Fund is canceled because your electronic transfer does not clear, you will be charged a \$25 service fee, and you will be responsible for any resulting loss incurred by the Fund. The Fund and its transfer agent will be liable for losses resulting from unauthorized telephone purchases only if the Fund does not follow reasonable procedures

## Fund Facts

designed to verify the identity of the caller. You should immediately verify your trade confirmations when you receive them. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person.

### By wire

You may purchase shares by wiring funds from your bank. To establish and initially fund an account by wire, a completed account application is required before your wire can be accepted. You may mail or deliver by overnight mail your completed account application to the transfer agent. Upon receipt of your completed application, the transfer agent will establish an account for you. Your bank must include the name of the Fund you are purchasing, your Fund account number, and your name so that monies can be correctly applied. Your bank should transmit funds by wire to:

U.S. Bank, N.A.  
777 East Wisconsin Avenue  
Milwaukee, WI 53202  
ABA #075000022

### Credit:

U.S. Bank Global Fund Services  
Account #112-952-137

### Further Credit:

(name of Fund to be purchased)  
(account registration)  
(account number)

Before sending any wire, please advise the Fund and its transfer agent of your intent to wire funds by calling us at 800.582.6959. Wired funds must be received prior to 4:00 p.m. Eastern time to be eligible for same day pricing. Federal fund purchases will be accepted only on a day on which the Fund and the custodian are open for business. The Fund and U.S. Bank, N.A. are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

When purchasing shares through a financial intermediary, you may not benefit from certain policies and procedures of the Fund as your eligibility to purchase shares may be dependent upon the policies and procedures of your financial intermediary, including those regarding purchase features of the share class.

### By exchange

You may exchange Class A shares of the Fund for Class A shares of another Fund in the CALAMOS FAMILY OF FUNDS or for Class III Fidelity Treasury Shares with no sales charge, if you have previously paid a sales charge on the shares you are exchanging. You may exchange Class III Fidelity Treasury Shares for Class A shares of the Fund without paying a sales charge, if you have previously paid a sales charge on the shares you are exchanging. You may exchange Class I shares of the Fund for Class I shares of another Fund in the CALAMOS FAMILY OF FUNDS or for Class I Fidelity Treasury Shares with no sales charge. In addition, you may exchange Class I Fidelity Treasury Shares for Class I shares of the Fund, provided you meet the eligibility requirements for Class I shares. See "Money market fund" above. Class R6 shares cannot be exchanged for Fidelity Treasury Shares. You may exchange Class R6 shares of the Fund for Class R6 shares of another Fund in the CALAMOS FAMILY OF FUNDS, however Class R6 shares offer limited exchange options, as not all of the Calamos Funds offer Class R6 shares.

The registration of the account to which you are making an exchange must be exactly the same as that of the account from which the exchange is made, and the amount you exchange must meet any applicable minimum investment of the Fund being purchased. You may exchange your shares by writing to us at the CALAMOS FAMILY OF FUNDS, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201. If you have authorized telephone exchange on your account application, you may also exchange your shares by calling us at 800.582.6959. An exchange may also be made by instructing your financial advisor, who will communicate your instruction to us. **An exchange transaction generally is considered a sale and purchase of shares for federal income tax purposes and may result in capital gain or loss.**

The exchange privilege is not intended as a vehicle for short-term or excessive trading. Excessive or short-term exchange activity may interfere with portfolio management and have an adverse effect on all shareholders. Accordingly, the Fund may suspend or permanently terminate the exchange privileges of any investor who appears to be engaged in short-term or excessive trading. Although an investor may be precluded from utilizing the exchange privilege, an investor's ability to redeem shares of the Fund for cash will not be affected.

#### **By Automatic Investment Plan**

If you own shares of the Fund, you may purchase additional shares of the Fund periodically through the Automatic Investment Plan. Under the Plan, after your initial investment, you may authorize the Fund to withdraw from your bank checking or savings account an amount that you wish to invest on a regularly scheduled basis, which must be for \$50 or more. Your financial institution must be a member of the ACH Network to participate.

When purchasing shares through a financial intermediary, you may not benefit from certain policies and procedures of the Fund as your eligibility to purchase shares may be dependent upon the policies and procedures of your financial intermediary, including those regarding purchase features of the share class.

If you wish to enroll in this Plan, complete the appropriate form. To obtain the form, call 800.582.6959. The Plan is not available to clients of financial advisors that offer similar investment services. The Fund may terminate or modify this privilege at any time. You may change your investment amount or terminate your participation in the Plan at any time by calling us at 800.582.6959 or by written notice to the transfer agent at least five calendar days prior to the effective date of the next transaction. A request to change bank information for this Plan may require a signature guarantee. If your order to purchase shares of the Fund is canceled because your electronic transfer does not clear, you will be charged a \$25 service fee, and you will be responsible for any resulting loss incurred by the Fund.

#### **How can I sell (redeem) shares?**

##### **Class A and Class I shares**

You may redeem shares of the Fund by contacting us or your financial intermediary. Your financial intermediary may charge for its services. For shares held directly only, you may redeem shares from us directly without any additional charges other than those described below.

##### **Class R6 Shares — Notice to Plan Participants**

The purchase and redemption options for Class R6 shares are generally available to plan administrators and/or the plans themselves, but not to the individual participants of such plans. Plan participants should contact the financial intermediary and/or plan administrator through which the plan is held for additional information on their respective plan assets and/or how to transact in their respective plan assets, as the Fund's transfer agent, U.S. Bank Global Fund Services, will generally have no information with respect to or control over an individual participant's plan assets. For direct investments, please note that neither the Fund nor its transfer agent offers master plan documentation and/or record-keeping services.

You may redeem Class R6 shares of the Fund by contacting us or your financial intermediary and/or plan record-keeper, depending first on how the shares are held. Your financial intermediary or plan record-keeper may charge for its services. For shares held directly only, you may redeem shares from us directly without any additional charges other than those described below.

Once your written instructions to sell shares of the Fund have been received, you may not cancel or revoke your request. It is, therefore, very important that you call us at 800.582.6959 if you have any questions about the requirements for selling shares before submitting your request.

Retirement plan record-keepers, participant recordkeeping organizations and other financial intermediaries may also impose their own restrictions, limitations or fees in connection with transactions in the Fund's shares, which may be stricter than those described in this prospectus. You should contact your plan/participant record-keeper or financial intermediary for more information on any additional restrictions, limitations or fees that are imposed in connection with transactions in Fund shares.

## Fund Facts

Once your written instructions to sell shares of the Fund have been received, you may not cancel or revoke your request. It is, therefore, very important that you call us at 800.582.6959 if you have any questions about the requirements for selling shares before submitting your request.

### **Class A and Class I shares—Through your broker-dealer or financial intermediary (certain charges may apply)**

Shares held for you in your broker-dealer's and/or financial intermediary's name must be sold through the broker-dealer and/or financial intermediary.

### **Class R6 shares — Through your financial intermediary or plan/participant record-keeper**

Class R6 shares are only available through a financial intermediary if the financial intermediary will not receive from Fund assets or the Distributor's or an affiliate's resources any commission payments, service fees (including sub-transfer agent and networking fees), or distribution fees (including Rule 12b-1 fees) with respect to assets invested in Class R6 shares.

Shares held for you in your financial intermediary's or plan/participant record-keeper's name must be sold through the financial intermediary or plan/participant record-keeper. Subject to any restrictions in the applicable specified benefit plan documents, financial intermediaries or plan/participant record-keepers are obligated to transmit redemption orders to the transfer agent promptly and are responsible for ensuring that redemption requests are in proper form. Specified benefit plans, financial intermediaries or plan/participant record-keepers will be responsible for furnishing all necessary documentation to the Fund's transfer agent and may charge for their services. Redemption proceeds will be forwarded to the specified benefit plan, financial intermediary or plan/participant record-keeper as promptly as possible and in any event within seven days after the redemption request is received by the transfer agent in good order.

### **By writing to the Fund's transfer agent**

When your shares are held for you by the Fund's transfer agent, you may sell your shares by sending a written request to: U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201. Your redemption request must:

1. specify the Fund, your Fund account number and the number of shares or dollar amount to be redeemed, if less than all shares are to be redeemed;
2. be signed by all owners exactly as their names appear on the account; and
3. for each signature on the redemption request, include a signature guarantee, if necessary.

Certain types of accounts, such as a trust, corporate, nonprofit or retirement accounts, may require additional documentation for their redemption requests to be deemed to be in good order. In the case of shares held by a corporation, the redemption request must be signed in the name of the corporation by an officer whose title must be stated, and a certified bylaw provision or resolution of the board of directors authorizing the officer to so act may be required. In the case of a trust or partnership, the signature must include the name of the registered shareholder and the title of the person(s) signing on its behalf. Shareholders who have an IRA account must indicate on their written request whether or not to withhold federal income tax, as redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding.

Under certain circumstances, before shares can be redeemed, additional documents may be required in order to verify the authority of the person seeking to redeem.

In all instances, before submitting your written redemption request to the Funds' transfer agent, you should first contact the Funds' transfer agent by telephone at 800.582.6959 to insure that you are providing all required documentation, as the status and type of your account and the amount to be redeemed will determine the requirements to be met. Please also see the "Signature Guarantee Program" section below for further details.

When redeeming shares through a financial intermediary, you may not benefit from certain policies and procedures of the Fund as your ability to utilize certain redemption features may be dependent upon the policies and procedures of your financial intermediary, including those regarding redemption features of the share class.

**Please do not mail letters by overnight delivery service or registered mail to the Post Office Box address. The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the**

mail or with such services, or receipt at U.S. Bank Global Fund Services post office box, of redemption requests does not constitute receipt by the transfer agent of the Fund. Receipt of redemption requests is based on when the request is received at the transfer agent's offices.

#### **By telephone**

Unless the telephone redemption options were declined on your original account application, you may elect to redeem your shares by telephone and have proceeds sent by wire, ACH or check to your address of record by calling us at 800.582.6959. With either the telephone redemption by check or ACH options, you may sell up to \$50,000 worth of shares per day. There is no dollar limit on redemption proceeds sent by wire when using a pre-authorized "telephone redemption by wire" account option (where a pre-authorized bank record is already on file). If you have changed the address of record on your account within the preceding 30 days, you may not redeem shares by telephone and have the proceeds sent by check to the address of record.

If you want redemption proceeds sent to your bank account by either wire transfer (at a current cost of \$15 per transfer), or electronic funds transfer via the ACH Network at no cost, you must have selected these alternate payment types on the application. If you have authorized telephone redemptions on your original account application, but would like to change the predetermined bank to which proceeds are sent, please submit your request in writing with a signature guarantee or other acceptable form of authentication from a financial institution source, along with a voided check or savings account deposit slip for the new bank account. Only member banks may transmit funds via the ACH network.

If you declined telephone redemptions on your original account application, you may request the telephone redemption privilege at a later date by submitting a request in writing, which may require a signature guarantee or other acceptable form of authentication from a financial institution source. Please send your request along with a voided check or savings account deposit slip to have proceeds deposited directly into your bank account to U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201.

To redeem shares from your account by telephone, call 800.582.6959. IRA investors will be asked whether or not to withhold federal income taxes from any distribution. To reduce the risk of fraudulent instruction and to ensure that instructions communicated by telephone are genuine, the Fund will send your redemption proceeds only to the address or bank/brokerage account as shown on their records. The Fund also may record a call, request more information and send written confirmation of telephone transactions. The Fund and its transfer agent will be liable for losses resulting from unauthorized telephone instructions only if the Fund does not follow reasonable procedures designed to verify the identity of the caller. Please verify the accuracy of each telephone transaction as soon as you receive your confirmation statement. If an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person.

When redeeming shares through a financial intermediary, you may not benefit from certain policies and procedures of the Fund as your ability to utilize certain redemption features may be dependent upon the policies and procedures of your financial intermediary, including those regarding redemption features of the share class.

During periods of volatile economic and market conditions, you may have difficulty making a redemption request by telephone, in which case you should make your redemption request in writing. Telephone trades must be received by or prior to market close. During periods of high market activity, shareholders may encounter higher than usual call waits. Please allow sufficient time to place your telephone transaction. Once you place a telephone transaction request, it cannot be cancelled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern time).

#### **By transmittal from a broker-dealer**

Broker-dealers or other sales agents may communicate redemption orders by various means to the Fund's transfer agent.

When redeeming shares through a financial intermediary, you may not benefit from certain policies and procedures of the Fund as your ability to utilize certain redemption features may be dependent upon the policies and procedures of your financial intermediary, including those regarding redemption features of the share class.

## Fund Facts

### By systematic withdrawal plan

Under the Fund's Systematic Withdrawal Plan, you may request that the Fund periodically redeem shares having a specified redemption value. In order to initiate the Systematic Withdrawal Plan, call 800.582.6959 and request a systematic withdrawal form. Generally, your account must have a share balance of \$25,000 or more. Withdrawal proceeds are likely to exceed dividends and distributions paid on shares in your account and therefore may deplete and eventually exhaust your account. The periodic payments are redemption proceeds and are taxable as such. The maximum annual rate at which Class A shares (applicable to shares purchased at NAV pursuant to the \$1,000,000 purchase order privilege for two years after the time of purchase) may be redeemed under the Systematic Withdrawal Plan is 10% of the NAV of the account. Because a sales charge typically is imposed on purchases of Fund shares, you should not purchase shares while participating in the Systematic Withdrawal Plan. Generally, you may modify or terminate your Systematic Withdrawal Plan by calling us at 800.582.6959 or by written notice to the transfer agent at least five calendar days prior to the effective date of the next withdrawal. You may have a check sent to your address of record or you may have proceeds sent to your predetermined bank account via electronic funds transfer through the ACH Network (which may require a signature guarantee).

When redeeming shares through a financial intermediary, you may not benefit from certain policies and procedures of the Fund as your ability to utilize certain redemption features may be dependent upon the policies and procedures of your financial intermediary, including those regarding redemption features of the share class.

### By exchange

You may redeem all or any portion of your Class A and Class I shares of the Fund and use the proceeds to purchase shares of any of the other funds in the CALAMOS FAMILY OF FUNDS or Fidelity Treasury Shares if your signed, properly completed application is on file. **An exchange transaction generally is considered a sale and purchase of shares for federal income tax purposes and may result in capital gain or loss.** See "How can I buy shares? — By exchange" for more information about the exchange privilege. Class R6 shares cannot be exchanged for Fidelity Treasury Shares nor can Fidelity Treasury Shares be exchanged for Class R6 shares. You may exchange Class R6 shares of the Fund for Class R6 shares of another Fund in the Calamos Family of Funds, however Class R6 shares offer limited exchange options, as not all of the Calamos Funds offer Class R6 shares.

### Signature Guarantee Program

A signature guarantee is a guarantee that your signature is authentic. A signature guarantee is required for a variety of transactions including, but not limited to, requests for changes to your account or to the instructions for distribution of proceeds. We reserve the right to require a signature guarantee on any transaction at our discretion.

A signature guarantee is designed to protect shareholders and the Fund from fraud by verifying signatures. You can obtain a signature guarantee from most domestic banks, brokers, dealers including CFS, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program ("STAMP"). An assertion or attestation by a notary public is not a signature guarantee and will not be accepted in place of a signature guarantee.

Non-financial transactions including establishing or modifying certain services on an account may require a signature guarantee, signature verification from a Signature Validation Program member or other acceptable form of authentication from a financial institution source. The Fund reserves the right to waive any signature guarantee requirement at its discretion.

A signature guarantee, from a Medallion program member or a non-Medallion program member, is required in the following situations:

- If ownership is being changed on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- Written requests to wire redemption proceeds (if not previously authorized on the account);
- When a redemption is received by the transfer agent and the account address has changed within the last 30 calendar days;
- For all redemptions in excess of \$50,000 from any shareholder account.

**Redemption requests**

The Fund typically expects that it will hold cash or cash equivalents to meet redemption requests. The Fund may also use the proceeds from the sale of portfolio securities to meet redemption requests if consistent with the management of the Fund. These redemption methods will be used regularly and may also be used in stressed market conditions. The Fund reserves the right to redeem in-kind as described under "Redemption-in-kind". Redemptions in-kind are typically used to meet redemption requests that represent a large percentage of the Fund's net assets in order to minimize the effect of large redemptions on the Fund and its remaining shareholders. Redemptions in-kind may be used regularly in circumstances as described above, and may also be used in stressed market conditions.

**Redemption-in-kind**

The Fund reserves the right to pay all or part of a redemption request through an in-kind payment (in the form of securities or other assets instead of cash) if the Adviser reasonably believes that a cash redemption would negatively affect the Fund's operation or performance or that the redeeming shareholder may be engaged in market timing, frequent trading or other activity disruptive to portfolio management. Shares normally will be redeemed for cash, although the Fund retains the right to redeem some or all of its shares in-kind under unusual circumstances, in order to protect the interests of remaining shareholders, or to accommodate a request by a particular shareholder that does not adversely affect the interest of the remaining shareholders, by delivery of securities selected from its assets at its discretion. However, the Fund is required to redeem shares solely for cash up to the lesser of \$250,000 or 1% of its net assets during any 90-day period for any one shareholder. Should redemptions by any shareholder exceed such limitation, the Fund will have the option of redeeming the excess in cash or in-kind. In-kind payment means payment will be made in liquid portfolio securities rather than cash. If that occurs, the redeeming shareholder might incur brokerage and/or other transaction costs to convert the securities to cash.

**Processing time**

The Fund will send your redemption proceeds to you by check to the address of record or by wire to a predetermined bank or brokerage account. Redemption proceeds paid by wire will normally be sent on the next business day after receipt of the redemption request. The cost of the wire (currently \$15) will be deducted from the redemption proceeds if you are redeeming all of your shares or only a specific number of shares. If you are redeeming a specific dollar amount, the wire fee will be deducted from the remaining balance in the account. You may also have proceeds sent directly to a predetermined bank or brokerage account via electronic funds transfer through the ACH Network if your bank or brokerage firm is an ACH member. There is no charge for an electronic funds transfer through the ACH Network and your proceeds will be credited to your account within two to three business days.

Proceeds from the sale of Fund shares will not be sent to you until the check or ACH purchase used to purchase the shares has cleared, which can take up to 15 calendar days after purchase. You may avoid this delay by buying shares with a wire transfer.

The Fund may suspend the right of redemption under certain extraordinary circumstances in accordance with the rules of the Securities and Exchange Commission.

**Emergency Circumstances**

Calamos may postpone the payment of redemption proceeds for up to seven calendar days from the date of redemption. In addition, the Fund can suspend and/or postpone payments of redemption proceeds beyond seven calendar days for:

- (1) any period during which the New York Stock Exchange is closed for other than customary weekend and holiday closings or during which trading on the New York Stock Exchange is restricted;
- (2) any period during which an emergency exists, as a result of which disposal of the securities owned is not reasonably practical or it is not reasonably practical for the Fund to fairly determine the value of its net assets; or
- (3) such other periods as the Securities and Exchange Commission may by order permit for the protection of security holders of the company.

## Fund Facts

### Small accounts

Due to the relatively high cost of handling small accounts, the Fund may give you 30 days written notice that it intends to redeem your shares, at the NAV of those shares, if your account has a value of less than \$500. This would not apply if your account value declined to less than \$500 as a result of market fluctuations.

### Class R6 Shares-Other Information

Your employer-sponsored retirement and benefit plan may establish various minimum investment requirements and may also establish certain privileges with respect to purchases and redemptions or the reinvestment of dividends. Plan participants should contact their plan record-keeper with respect to these issues. This prospectus should be read in connection with the specified benefit plan's and/or the financial intermediary's materials regarding its fees and services.

## Transaction information

### Share price

The Fund's share price, or NAV, is determined as of the close of regular session trading on the NYSE (normally 4:00 p.m. Eastern Time) each day that the NYSE is open, in accordance with Rule 22c-1 of the 1940 Act. The NYSE is regularly closed on New Year's Day, the third Mondays in January and February, Good Friday, the last Monday in May, Independence Day, Labor Day, Thanksgiving and Christmas.

The NAV per share for each class of Fund shares is calculated by dividing the pro rata share of the value of all of the securities and other assets of the Fund allocable to that class of Fund shares, less the liabilities allocable to that class, by the number of shares of the class outstanding. When shares are purchased or sold, the order is processed at the next NAV (plus any applicable sales charge) that is calculated on a day when the NYSE is open for trading, after receiving a purchase or sale order. Because the Fund may invest in securities that are primarily listed on foreign exchanges and trade on days when the Fund does not price its shares, the Fund's NAV may change on days when shareholders will not be able to purchase or redeem the Fund's shares. If shares are purchased or sold through an intermediary, it is the responsibility of that intermediary to transmit those orders to the Fund's transfer agent so such orders will be received in a timely manner.

A purchase or sale order typically is accepted when the Fund's transfer agent, an intermediary or plan record-keeper has received a completed application or appropriate instruction along with the intended investment, if applicable, and any other required documentation.

### Valuation Procedures

The valuation of the Fund's portfolio securities is in accordance with policies and procedures adopted by and under the ultimate supervision of the board of trustees.

Portfolio securities that are traded on U.S. securities exchanges, except option securities, are valued at the last current reported sales price at the time the Fund determines its NAV. Securities traded in the over-the-counter market and quoted on The NASDAQ Stock Market are valued at the NASDAQ Official Closing Price, as determined by NASDAQ, or lacking a NASDAQ Official Closing Price, the last current reported sale price on NASDAQ at the time the Fund determines its NAV.

When a last sale or closing price is not available, equity securities, other than option securities, that are traded on a U.S. securities exchange and other equity securities traded in the over-the-counter market are valued at the mean between the most recent bid and asked quotations in accordance with guidelines adopted by the board of trustees. Each option security traded on a U.S. securities exchange is valued at the mid-point of the consolidated bid/ask quote for the option security, also in accordance with guidelines adopted by the board of trustees. Each over-the-counter option that is not traded through the Options Clearing Corporation is valued based on a quotation provided by an independent pricing agent previously approved by the board of trustees or the counterparty to such option under the ultimate supervision of the board of trustees. Fixed-income securities are generally traded in the over-the-counter market and are valued by independent pricing services or by dealers who make markets in such securities.

Valuations of fixed income securities consider yield or price of bonds of comparable quality, coupon rate, maturity, type of issue, trading characteristics and other market data and do not rely exclusively upon exchange or over-the-counter prices.

Trading on European and Far Eastern exchanges and over-the-counter markets is typically completed at various times before the close of business on each day on which the NYSE is open. Each security trading on these exchanges or over-the-counter markets may be valued utilizing a systematic fair valuation model provided by an independent pricing service approved by the board of trustees. The valuation of each security that meets certain criteria in relation to the valuation model is systematically adjusted to reflect the impact of movement in the U.S. market after the foreign markets close. Securities that do not meet the criteria, or that are principally traded in other foreign markets, are valued as of the last reported sale price at the time the Fund determines its NAV, or when reliable market prices or quotations are not readily available, at the mean between the most recent bid and asked quotations as of the close of the appropriate exchange or other designated time. Trading of foreign securities may not take place on every NYSE business day. In addition, trading may take place in various foreign markets on Saturdays or on other days when the NYSE is not open and on which the Fund's NAV is not calculated.

If the pricing committee determines that the valuation of a security in accordance with the methods described above is not reflective of a fair value for such security, the security is valued at a fair value by the pricing committee, under the ultimate supervision of the board of trustees, following the guidelines and/or procedures adopted by the board of trustees. The Fund also may use fair value pricing, pursuant to guidelines adopted by the board of trustees and under the ultimate supervision of the board of trustees, if trading in the security is halted or if the value of a security it holds is materially affected by events occurring before the Fund's pricing time but after the close of the primary market or exchange on which the security is listed. Those procedures may utilize valuations furnished by pricing services approved by the board of trustees, which may be based on market transactions for comparable securities and various relationships between securities that are generally recognized by institutional traders, a computerized matrix system, or appraisals derived from information concerning the securities or similar securities received from recognized dealers in those securities.

The Fund's determination of a security's fair value price often involves the consideration of a number of subjective factors, and is therefore subject to the unavoidable risk that the value that the Fund assigns to a security may be higher or lower than the security's value would be if a reliable market quotation for the security was readily available.

#### **Distribution and Service (Rule 12b-1) Plan**

The Fund has a Distribution and Service Plan or "12b-1 Plan." Under the plan, Class A shares pay a distribution and/or service fee at the annual rate of 0.25% of the average daily net assets of the class. The distribution fees are for the sale of Fund shares, and the service fees are for services provided to shareholders. Since the Fund's assets are used to pay 12b-1 fees on an ongoing basis, over time those fees will increase the cost of your investment and may cost you more than other types of sales charges. For more information about the 12b-1 Plan, please see the Fund's statement of additional information.

#### **Intermediaries**

The Fund may authorize intermediaries to accept purchase, exchange and redemption orders on the Fund's behalf. An order properly received by an intermediary will be deemed to have been received by the Fund as of the time of receipt by the intermediary. If you buy, exchange or redeem shares through an intermediary, you will pay or receive the Fund's NAV per share (plus any applicable sales charge) next calculated after receipt and acceptance of the order by the intermediary, after giving effect to any transaction charge imposed by the intermediary. The Fund's NAV is determined as of the close of regular session trading on the NYSE (normally 4:00 p.m., Eastern time) each day that the NYSE is open for trading.

If you buy and sell Fund shares through an intermediary or plan record-keeper, that intermediary or plan record-keeper may charge a fee for that service. Any such charges could constitute a substantial portion of a smaller account and may not be in your best interest. The Fund cannot always identify individual accounts or transactions for an account that is facilitated by an intermediary or plan record-keeper. Due to differing operational and systems capabilities, an intermediary may calculate sales charges and fees and track transaction activity differently than the Fund. When transacting in Fund shares, be sure you understand how your intermediary or plan record-keeper calculates sales charges and fees and tracks transaction activity.

#### **Class A and Class I Shares**

Shares of the Fund may be purchased through certain intermediaries that are agents of the Fund for the limited purpose of completing purchases and sales. For services provided by such a company with respect to Fund shares (except Class R6 shares)

## Fund Facts

held by that company for its customers, and for shares held in Network Level III accounts, the Fund may pay additional fees for services being provided by the intermediary to the Fund's shareholders. For shares held in sub-accounts, such as those in qualified retirement plans, these fees are often referred to as "sub-transfer agent" or "recordkeeping" fees. The annual fee may either be a percentage of the account's average annual net assets or a specific dollar amount per account, determined on the basis of how the intermediary charges. The Board of Trustees of the Fund has set maximum limits to these payments.

The Fund's Adviser or Distributor, out of their own resources and without additional cost to the Fund or its shareholders, may provide additional cash compensation to intermediaries selling shares of the Fund, including third-party administrators of qualified plans whose customers have purchased Fund shares. These amounts would be in addition to the distribution payments made by the Fund under the distribution and service (Rule 12b-1) agreements described above and are commonly referred to as "revenue sharing" payments. These payments are generally a percentage of the account's average annual net assets.

The Fund's Adviser or the Distributor may provide additional non-cash compensation to third parties selling the Fund, including affiliated companies, in accordance with relevant FINRA guidelines governing non-cash compensation. The Distributor may also pay concessions in addition to those described above to broker-dealers so that the Fund is made available by those broker-dealers for their customers.

Payments to a qualifying Intermediary in any year generally will not exceed the sum of (a) 0.25% of the prior year's purchases of Fund shares through the Intermediary and (b) 0.12% of the annual average daily value of Fund shares held through the Intermediary. In the case of Fund shares held by a retirement plan investing through a platform sponsored by an Intermediary, payments to the Intermediary generally will not exceed 0.20% of the annual average daily value of those shares. CFS or its affiliates consider a number of factors in determining whether they will make requested payments, including the qualifying Intermediary's sales, assets and redemption rates, and the nature of the Intermediary's services.

Payments to Intermediaries may create a conflict of interest by influencing the broker-dealer or other Intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your Intermediary's website for more information.

In addition, CFS and/or Calamos Advisors may also share certain marketing expenses with intermediaries, or pay for or sponsor informational meetings, seminars, client awareness events, support for marketing materials, sales reporting, or business building programs for such financial intermediaries to raise awareness of the Fund. CFS and/or Calamos Advisors may make payments to participate in intermediary marketing support programs which may provide CFS and/or Calamos Advisors, as applicable, with one or more of the following benefits: attendance at sales conferences, participation in meetings or training sessions, access to or information about intermediary personnel, use of an intermediary's marketing and communication infrastructure, fund analysis tools, data and data analytics, business planning and strategy sessions with intermediary personnel, information on industry- or platform specific developments, trends and service providers, and other marketing-related services. Such payments may be in addition to, or in lieu of, the payments described above. These payments are intended to promote the sales of the Fund and to reimburse financial intermediaries, directly or indirectly, for the costs that they or their salespersons incur in connection with educational seminars, meetings, and training efforts about the Fund to enable the intermediaries and their salespersons to make suitable recommendations, provide useful services, and maintain the necessary infrastructure to make the Fund available to their customers.

### Anti-money laundering compliance

The Fund is required to comply with various federal anti-money laundering laws and regulations. Consequently, the Fund will request the following information from all investors: full name, date of birth, Social Security number and permanent street address. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners. Corporate, trust, and other entity accounts must provide additional documentation. The Fund will use this information to verify your identity. The Fund will return your application and the monies received to establish your account if any of this information is missing. After your account is established, the Fund may request additional information from you to assist in verifying your identity. If the Fund is unable to verify your identity, it reserves the right to redeem your account at the current day's NAV. If at any time the Fund believes you may be involved in suspicious activity or if your identifying information matches information on government lists of suspicious persons, the Fund may

choose not to establish a new account or may be required to “freeze” your account. The Fund also may be required to provide a governmental agency with information about your attempt to establish a new account or about transactions that have occurred in your account. The Fund also may be required to transfer monies received to establish a new account, transfer an existing account or transfer the proceeds of an existing account to a governmental agency. In some circumstances, the law may not permit the Fund to inform you that it has taken the actions described above.

### **Transaction restrictions**

The Fund reserves the right to reject any order for the purchase of shares in whole or in part for any reason, and to suspend the sale of shares to the public in response to conditions in the securities markets or otherwise. The Fund generally expects to inform any investor within 24 hours if a purchase order has been rejected. The Fund is intended for long-term investment purposes only, and is not intended for short-term or excessive trading. Those practices may disrupt portfolio management strategies and/or increase expenses, thus harming Fund performance.

The Fund may, in its discretion, suspend, and may permanently terminate, the purchase privileges or the purchase portion of exchange privileges of any investor who engages in trading activity that the Fund believes would be disruptive to the Fund. Although the Fund will attempt to give prior notice of a suspension or termination of such privileges when it is reasonably able to do so, the suspension or termination may be effective immediately, thereby preventing any uncompleted exchange.

In addition, the Fund receives purchase and sale orders through intermediaries and cannot always identify or reasonably detect short-term or excessive trading that may be facilitated by those intermediaries or by the use of omnibus accounts by those intermediaries. Omnibus accounts are comprised of multiple investors whose purchases and redemptions are aggregated and netted before being submitted to the Fund, making it more difficult to locate and eliminate short-term or excessive trading. To the degree the Fund is able to identify excessive or short-term trading in accounts maintained by intermediaries, the Fund will seek the cooperation of the intermediary to enforce the Fund’s excessive trading policy. However, there can be no assurance that an intermediary will cooperate in all instances. Certain intermediaries may not presently possess the same operational capabilities to track the number of purchase, redemption or exchange orders made by an individual investor as the Fund, or they may lack such capabilities entirely. Certain intermediaries may possess other capabilities to deter short-term or excessive trading upon which the Fund may rely. In general, the Fund cannot eliminate the possibility that short-term or excessive trading activity will occur in the Fund.

The Fund also reserves the right to restrict the account of any investor with respect to purchase orders or the purchase portion of exchange orders, without prior notice, if the trading activity in the account is determined to be disruptive to the Fund. To minimize harm to the Fund and its shareholders, the Fund may, at the Fund’s sole discretion, exercise these rights if an investor has a history of excessive or disruptive trading. In making this judgment, the Fund may consider trading done in multiple accounts under common ownership or control. Such restriction typically is placed in the account immediately after such disruptive trading is determined to be occurring.

### **Excessive trading policies and procedures**

Excessive trading may present risks to the Fund’s long-term shareholders. Excessive trading into and out of the Fund can be disruptive to the portfolio, including with respect to the implementation of investment strategies. Excessive trading also may create taxable gains to remaining Fund shareholders and may increase Fund expenses, which may negatively impact investment returns for remaining shareholders.

Funds that invest in foreign securities may be at a greater risk for excessive trading. Some investors may seek to profit from the fact that foreign markets or exchanges normally close earlier in the day than do U.S. markets or exchanges. These investors may seek to engage in a practice known as pricing arbitrage to take advantage of information that becomes available after the close of the foreign markets or exchanges but before the Fund prices its shares, which may affect the prices of the foreign securities held by the Fund. Alternatively, some investors may attempt to benefit from stale pricing — when trading in a security held by the Fund is halted and does not resume prior to the time the Fund calculates its NAV. To the extent that the Fund does not accurately value securities, short-term arbitrage traders may dilute the Fund’s NAV, which may negatively impact long-term shareholders. Although the Fund has adopted policies and procedures intended to reduce their exposure to price arbitrage, stale pricing and other potential pricing inefficiencies, the Fund cannot entirely eliminate the potential for short-term arbitrage trades to dilute the value of Fund shares.

## Fund Facts

The Fund's policy is against trading of Fund shares by Fund shareholders that is disruptive to the management of the Fund. In analyzing whether trading is disruptive, the Fund will consider the purpose of the trades, the effects on the Fund's portfolio and shareholders, and the impact of any costs or administrative charges it may incur (net of any reimbursement by the shareholder). For certain redemption and reinvestment transactions in which the investment adviser or its affiliates may engage, see page 39 of the statement of additional information.

The Fund's policy is against frequent purchases and redemptions of the Fund's shares that are disruptive to the Fund's portfolio. The Fund attempts to detect and deter excessive trading through the following methods:

- imposing restrictions on trading or exchange privileges of investors the Fund believes are engaging in short-term or excessive trading, as described under "Transaction restrictions;"
- utilizing fair valuation of securities, as described under "Valuation procedures;" and
- monitoring trades.

Although the Fund will take steps to detect and deter abusive trading pursuant to the policies and procedures approved by the board of trustees, there are no assurances that these policies and procedures will be effective in limiting excessive trading in all circumstances. For example, the Fund may be unable to completely eliminate the possibility of excessive trading in certain omnibus accounts and other accounts traded through intermediaries as discussed in the "Transaction restrictions" section.

Certain types of transactions will be exempt from the excessive trading policies and procedures. These exempt transactions are certain non-participant directed transactions in retirement plans, and purchases and redemptions by Calamos funds of funds.

The Fund's policies and procedures regarding excessive trading may be modified by the Board of Trustees at any time.

## Distributions and taxes

### Dividends and capital gains distributions

You may receive two kinds of distributions from the Fund: dividends and capital gains distributions. Unless you requested on the account application or in writing that distributions be made in cash, all dividends and capital gains distributions are paid by crediting you with additional Fund shares of the same class you already own. In addition, under the same shareholder account registration and within the same share class, dividends and distributions from one Fund may be reinvested into another Fund, with this receiving Fund account being subject to the minimum initial investment requirements. These shares are valued at the next NAV per share that is computed after the dividend or distribution date. There is no sales charge applied. The Fund declares dividends annually. Distributions of capital gains, if any, are paid to shareholders by the Fund at least annually.

If a dividend check is returned undeliverable, or if a check remains outstanding for six months, the Fund reserves the right to reinvest those dividends in additional shares of the Fund at the current NAV and to designate the account as a dividend reinvestment account.

You may change the distribution option on your account at any time by calling us at 800.582.6959 or by written notice to the transfer agent at least five calendar days prior to the record date of the next distribution.

### Taxes

You may realize a capital gain or capital loss when you redeem or exchange shares, provided you hold Fund shares as a capital asset. The gain or loss will be long-term or short-term, depending on how long you owned the Fund shares. In addition to federal income tax, you may also be subject to state and local taxes on the redemption or exchange of Fund shares, depending on the laws of your home state and locality.

You may be taxed on dividends from net investment income and capital gains distributions at different rates depending on your tax situation. Dividends paid by the Fund from net investment income generally are taxable to you as ordinary income, unless paid from "qualified dividend income," as described below. Federal taxes on distributions of capital gains by the Fund are determined by how long the Fund owned the investments that generated the gains, rather than by how long you have owned your shares. Distributions of gains from investments that the Fund owned for more than one year and that are properly reported by the Fund as capital gain dividends will generally be taxable to you as long-term capital gains. Distributions of gains from investments that the Fund owned for one year or less will generally be taxable to you as ordinary income. Annually, the Fund will advise you of the

source of your distributions for tax purposes. Distributions to you are taxable even if they are paid from income or gains earned by the Fund before you invested in the Fund (and thus were included in the price paid for the Fund shares). Distributions are subject to federal income tax, whether received in cash or reinvested in additional Fund shares or shares of another fund, and may be subject to state or local taxes.

A portion of the dividends from net investment income paid by the Fund may be eligible for the reduced rate applicable to "qualified dividend income," provided that the recipient of the dividend is an individual and that certain holding period and other requirements are met at both the shareholder and Fund level. No assurance can be given as to what portion of the dividends paid by the Fund will consist of "qualified dividend income."

The dividends and distributions paid by the Fund are generally taxable to you as of the date of payment, except for those distributions declared and payable to shareholders of record on a date in October, November or December and paid in January of the next year. Such a distribution will be treated as though it were received on December 31 of the year in which it is declared.

Income and proceeds received by the Fund from sources within foreign countries may be subject to withholding and other taxes imposed by such countries. The Fund's return on investments subject to such taxes will be decreased. Tax treaties between certain countries and the U.S. may reduce or eliminate such taxes. If more than 50% of the Fund's assets at taxable year end consists of the securities of foreign corporations, the Fund may elect to permit shareholders to claim a credit or deduction on their income tax returns for their pro rata portions of qualified taxes paid by the Fund. In addition, the Fund's investments in foreign securities or foreign currencies may increase or accelerate the Fund's recognition of ordinary income and may affect the timing or amount of the Fund's distributions.

The Fund's transactions in derivatives, as well as any of its hedging, short sale, securities loan or similar transactions may be subject to one or more special tax rules. These rules may affect whether gains and losses recognized by the Fund are treated as ordinary or capital, accelerate the recognition of income or gains to the Fund, defer losses to the Fund, and cause adjustments in the holding periods of the Fund's securities, thereby affecting whether capital gains and losses are treated as short-term or long-term. These rules could therefore affect the amount, timing and/or character of distributions to shareholders and thus taxes payable by shareholders.

The Fund may be required to withhold federal income tax ("backup withholding") from payments to you if:

- you fail to furnish your properly certified Social Security or other tax identification number;
- you fail to certify that your tax identification number is correct or that you are not subject to backup withholding due to the underreporting of certain income; or
- the Internal Revenue Service ("IRS") informs the Fund that your tax identification number is incorrect.

These certifications are contained in the application that you complete and return when you open an account. The Fund must promptly pay to the IRS all amounts withheld. Therefore, it is usually not possible for the Fund to reimburse you for amounts withheld. Backup withholding is not an additional tax. You may claim the amount withheld as a credit on your federal income tax return, provided you furnish the appropriate information to the IRS.

The above is only a summary of certain federal tax consequences of investing in the Fund. You should consult your tax adviser for more information about your own tax situation, including possible foreign, state, and local taxes.

## Other information

### Shareholder accounts

Each shareholder of the Fund receives quarterly account statements showing transactions in Fund shares, with a balance denominated in Fund shares. A confirmation will be sent to the shareholder upon purchase, redemption, or change of shareholder address (sent to both the former and the new address).

### Retirement plans

You may use the Fund as investments for your IRA, profit sharing plan, pension plan, Section 401(k) plan, Section 403(b)(7) plan in the case of employees of public school systems and certain non-profit organizations, and certain other qualified plans. A master

## Fund Facts

IRA plan document and information regarding IRA plan administration, fees, and other details are available from us or your plan administrator. For direct investments via corporate retirement plans, please note that neither the Fund nor its transfer agent offers master plan documentation and/or record-keeping services.

### **Prospectuses and shareholder reports**

The Fund reduces the number of duplicate prospectuses and annual and semiannual reports you receive by sending only one copy of each to those addresses shared by two or more accounts. Call us at 800.582.6959 or write to us at the CALAMOS FAMILY OF FUNDS, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, WI 53201 if you want to receive individual copies of these documents. The Fund will begin sending you individual copies within 30 days of your request.

### **Changes in 80% policies**

The Fund has adopted a non-fundamental operating policy that requires at least 80% of the Fund's assets (net assets plus the amount of any borrowings for investment purposes) to be invested, under normal circumstances, in securities of the type suggested by the Fund's name. Although this requirement may be changed by the board of trustees without shareholder approval, the Fund will notify shareholders at least 60 days prior to any change in its 80% policy.

### **Lost Shareholders, Inactive Accounts and Unclaimed Property**

It is important that the Fund maintains a correct address for each investor. An incorrect address may cause an investor's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the investor or rightful owner of the account. If the Fund is unable to locate the investor, then it will determine whether the investor's account can legally be considered abandoned. Mutual fund accounts may be transferred to the state government of an investor's state of residence if no activity occurs within the account during the "inactivity period" specified in the applicable state's abandoned property laws, which varies by state. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The investor's last known address of record determines which state has jurisdiction. Please proactively contact the transfer agent at 800.582.6959 at least annually to ensure your account remains in active status. Investors who are residents of the state of Texas may designate a representative to receive legislatively required unclaimed property due diligence notifications. Please contact the transfer agent to complete a Texas Designation of Representative form.

# Financial Highlights

Although the Fund has not commenced operations as of the date of this prospectus, as a result of the Reorganization that occurred May 31, 2019, the Financial Highlights information presented for the Fund is the financial history of the Predecessor Fund. The Financial Highlights table is intended to help you understand the Predecessor Fund's financial performance for the periods shown. Certain information reflects the financial results for a single share. The total returns in the table represent the rate that a shareholder would have earned or lost on an investment in the Predecessor Fund (assuming reinvestment of all dividends and/or distributions). The information has been audited by Cohen & Company, Ltd. ("Cohen"). Cohen's report along with the Predecessor Fund's financial statements, is included in the Predecessor Fund's Annual Report, which is available upon request. The Predecessor Fund's unaudited financial statements for the semi-annual period ended December 31, 2018 are included in the Predecessor Fund's Semi-Annual Report, which is available upon request.

(4) Not annualized.

(5) Annualized.

(6) Portfolio turnover is calculated on the basis of the Fund as a whole without distinguishing between the classes of shares issued.

\*\* Class Y shareholders of the Predecessor Fund received Class A shares of the Fund in connection with the Reorganization.

## Appendix

### Ameriprise Prospectus Disclosure

#### **Class A Shares Front-End Sales Charge Waivers Available at Ameriprise Financial:**

*The following information applies to Class A shares purchases if you have an account with or otherwise purchase Fund shares through Ameriprise Financial:*

Effective June 1, 2018, shareholders purchasing Fund shares through an Ameriprise Financial platform or account will be eligible for the following front-end sales charge waivers and discounts, which may differ from those disclosed elsewhere in this Fund's prospectus or SAI:

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs or SAR-SEPs.
- Shares purchased through an Ameriprise Financial investment advisory program (if an Advisory or similar share class for such investment advisory program is not available).
- Shares purchased by third party investment advisors on behalf of their advisory clients through Ameriprise Financial's platform (if an Advisory or similar share class for such investment advisory program is not available).
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same Fund (but not any other fund within the same fund family).
- Shares exchanged from Class C shares of the same fund in the month of or following the 10-year anniversary of the purchase date. To the extent that this prospectus elsewhere provides for a waiver with respect to such shares following a shorter holding period, that waiver will apply to exchanges following such shorter period. To the extent that this prospectus elsewhere provides for a waiver with respect to exchanges of Class C shares for load waived shares, that waiver will also apply to such exchanges.
- Employees and registered representatives of Ameriprise Financial or its affiliates and their immediate family members.
- Shares purchased by or through qualified accounts (including IRAs, Coverdell Education Savings Accounts, 401(k)s, 403(b) TSCAs subject to ERISA and defined benefit plans) that are held by a covered family member, defined as an Ameriprise financial advisor and/or the advisor's spouse, advisor's lineal ascendant (mother, father, grandmother, grandfather, great grandmother, great grandfather), advisor's lineal descendant (son, step-son, daughter, step-daughter, grandson, granddaughter, great grandson, great granddaughter) or any spouse of a covered family member who is a lineal descendant.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (i.e. Rights of Reinstatement).

### Merrill Lynch Prospectus Disclosure

The availability of certain sales charge waivers and discounts will depend on whether you purchase your shares directly from the Fund or through a financial intermediary. Intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or contingent deferred (back-end) sales load ("CDSC") waivers, which are discussed below. In all instances, it is the purchaser's responsibility to notify the Fund or the purchaser's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. **For waivers and discounts not available through a particular intermediary, shareholders will have to purchase Fund shares directly from the Fund or through another intermediary to receive these waivers or discounts.**

\*\*\*\*\*

Effective April 10, 2017, shareholders purchasing Fund shares through a Merrill Lynch platform or account will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this Fund's prospectus or SAI.

## Front-end Sales Load Waivers on Class A Shares available at Merrill Lynch

Employer-sponsored retirement, deferred compensation and employee benefit plans (including health savings accounts) and trusts used to fund those plans, provided that the shares are not held in a commission-based brokerage account and shares are held for the benefit of the plan

Shares purchased by or through a 529 Plan

Shares purchased through a Merrill Lynch affiliated investment advisory program

Shares purchased by third party investment advisors on behalf of their advisory clients through Merrill Lynch's platform

Shares of funds purchased through the Merrill Edge Self-Directed platform (if applicable)

Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family)

Shares exchanged from Class C (*i.e.* level-load) shares of the same fund in the month of or following the 10-year anniversary of the purchase date

Employees and registered representatives of Merrill Lynch or its affiliates and their family members

Directors or Trustees of the Fund, and employees of the Fund's investment adviser or any of its affiliates, as described in this prospectus

Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement)

## CDSC Waivers on A, B and C Shares available at Merrill Lynch

Death or disability of the shareholder

Shares sold as part of a systematic withdrawal plan as described in the Fund's prospectus

Return of excess contributions from an IRA Account

Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age 70 1/2.

Shares sold to pay Merrill Lynch fees but only if the transaction is initiated by Merrill Lynch

Shares acquired through a right of reinstatement

Shares held in retirement brokerage accounts, that are exchanged for a lower cost share class due to transfer to certain fee based accounts or platforms (applicable to A and C shares only)

## **Front-end load Discounts Available at Merrill Lynch: Breakpoints, Rights of Accumulation & Letters of Intent**

Breakpoints as described in this prospectus.

Rights of Accumulation (ROA) which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser's household at Merrill Lynch. Eligible fund family assets not held at Merrill Lynch may be included in the ROA calculation only if the shareholder notifies his or her financial advisor about such assets

Letters of Intent (LOI) which allow for breakpoint discounts based on anticipated purchases within a fund family, through Merrill Lynch, over a 13-month period of time (if applicable)

### Morgan Stanley Prospectus Disclosure

Effective July 1, 2018, shareholders purchasing Fund shares through a Morgan Stanley Wealth Management transactional brokerage account will be eligible only for the following front-end sales charge waivers with respect to Class A shares, which may differ from and may be more limited than those disclosed elsewhere in this Fund's Prospectus or SAI.

#### **Front-end Sales Charge Waivers on Class A Shares available at Morgan Stanley Wealth Management**

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs, SAR-SEPs or Keogh plans
- Morgan Stanley employee and employee-related accounts according to Morgan Stanley's account linking rules
- Shares purchased through reinvestment of dividends and capital gains distributions when purchasing shares of the same fund
- Shares purchased through a Morgan Stanley self-directed brokerage account
- Class C (i.e., level-load) shares that are no longer subject to a contingent deferred sales charge and are converted to Class A shares of the same fund pursuant to Morgan Stanley Wealth Management's share class conversion program
- Shares purchased from the proceeds of redemptions within the same fund family, provided (i) the repurchase occurs within 90 days following the redemption, (ii) the redemption and purchase occur in the same account, and (iii) redeemed shares were subject to a front-end or deferred sales charge.

### Raymond James Prospectus Disclosure

#### **Intermediary-Defined Sales Charge Waiver Policies**

The availability of certain initial or deferred sales charge waivers and discounts may depend on the particular financial intermediary or type of account through which you purchase or hold Fund shares.

Intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or contingent deferred (back-end) sales load ("CDSC") waivers, which are discussed below. In all instances, it is the purchaser's responsibility to notify the fund or the purchaser's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase fund shares directly from the fund or through another intermediary to receive these waivers or discounts.

## **Raymond James & Associates, Inc., Raymond James Financial Services, Inc., & Raymond James affiliates (“Raymond James”)**

Effective March 1, 2019, shareholders purchasing fund shares through a Raymond James platform or account will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this fund’s prospectus or SAI.

### **Front-end sales load waivers on Class A shares available at Raymond James**

- Shares purchased in an investment advisory program.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family).
- Employees and registered representatives of Raymond James or its affiliates and their family members as designated by Raymond James.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement).
- A shareholder in the Fund’s Class C shares will have their shares converted at net asset value to Class A shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of Raymond James.

### **CDSC Waivers on Classes A, B and C shares available at Raymond James**

- Death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the fund’s prospectus.
- Return of excess contributions from an IRA Account.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age 70½ as described in the fund’s prospectus.
- Shares sold to pay Raymond James fees but only if the transaction is initiated by Raymond James.
- Shares acquired through a right of reinstatement.

### **Front-end load discounts available at Raymond James: breakpoints, and/or rights of accumulation**

- Breakpoints as described in this prospectus.
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser’s household at Raymond James. Eligible fund family assets not held at Raymond James may be included in the rights of accumulation calculation only if the shareholder notifies his or her financial advisor about such assets.
