

TODAY'S OPPORTUNITY: BUY IDEAS OUTNUMBER SELL IDEAS

Ask the PORTFOLIO MANAGER

Q. How would you characterize the opportunities in the small cap space today?

Transcript of a video recorded on April 11, 2019

The opportunities are great. So, we all know there's a scarcity of growth worldwide. Small cap is littered with great opportunities, great growth opportunities.

We're finding it the most in technology, healthcare, consumer discretionary, and we've got more buy ideas than sell ideas. Our cash levels are very low, and we're really excited about the opportunity set. And, by the way, small caps in general are trading at big discounts to large caps versus [historical norms]. So, that's another reason to be taking a look at the asset class.
