6. WITHHOLDING ELECTION

To be completed by all shareholders.
The Tax and Equity and Fiscal Responsibility Act requires withholding of Federal Income Taxes from IRA distributions unless the participant elects otherwise.

Notice of Withholding on Retirement Plan Distributions

Please consult IRS Form W-4R available from www.irs.gov/pub/irs-pdf/fw4r.pdf. You may use these IRS tables to help you select the appropriate withholding rate for this payment or distribution. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding. Review the "Suggestion for determining withholding" section of the IRS instructions to help determine the rate of withholding appropriate to your tax situation.

Federal withholding will automatically be deducted from distributions at the rate of 10% for IRAs, unless you check one of the boxes below. Certain Roth IRA distributions may not be subject to withholding.

You may elect a withholding rate from 0% to 100%. If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. Please be advised that withholding will be taken from the proceeds of your distribution. Should you wish to receive a specific net amount, you may want to consider increasing any specific amount noted in Section 4 of this form. For systematic distributions, your withholding election will remain in effect until you revoke or change it, which you may do at any time – please call a Customer Service Representative at 800.582.6959 to inquire further.

Some states require withholding regardless of your federal withholding election. Furthermore, state withholding is not available for certain states.

Specifying a rate other than the default, 10% for IRAs, affirms that you have consulted IRS Form W-4R, and the Marginal Rate Tables within, to determine your withholding percentage.

- Do not take federal withholding. I understand that I am responsible for payment of any federal or state taxes on my distribution(s).
- Please take federal withholding at a rate of _____% from my distribution(s). State withholding may also apply (refer to your state's guidelines for further information).
- Do not take state withholding.

8. MEDALLION SIGNATURE GUARANTEE

A Medallion Signature Guarantee is a method of identity verification that protects against fraud. It can be obtained from a bank, trust company, or other financial institution. A notary public is not an acceptable guarantor since it does not include financial assurance against fraudulent activity.

You'll need a Medallion Signature Guarantee if the proceeds of your withdrawal are in excess of \$50,000, are to be made payable to someone other than the shareholder of record, are to be mailed to an address other than that of your address of record (which also cannot have been changed within the last 30 days) or if the proceeds of your withdrawal are to be sent by electronic funds transfer (ACH) or wire to a bank account.
